

## Test in Jerez.

12<sup>th</sup> – 14<sup>th</sup> February 2008  
Day two – Wednesday

Weather conditions:

Sunny and clear sky all day long, strong winds from late morning onwards.

Temperatures: Air: 12 – 20 °C, Track: 12 – 24 °C

Number of drivers participating: 16 of 9 teams (2 teams running only 1 car)

Fastest lap overall: Mark Webber (Red Bull Racing) 1:18.628 min

Circuit length: 4,428 km

### Robert Kubica

Chassis / engine: BMW Sauber F1.08-03 / BMW P86/8

Test kilometres today: 514 km (116 laps)

Fastest lap: 1:19.829 min

### Nick Heidfeld

Chassis / engine: BMW Sauber F1.08-02 / BMW P86/8

Test kilometres today: 483 km (109 laps)

Fastest lap: 1:20.201 min

### Programme:

Robert Kubica and Nick Heidfeld continued to work on the general set-up of the BMW Sauber F1.08 following the test schedule as planned. Completing 116 and 109 laps respectively without any major problem both drivers collected valuable data progressing the development of the car. Both drivers did several practice starts and pitstops to check the car's systems under these special conditions. Today's test again was hampered by strong winds, which affected the lap times significantly and made aero work difficult. Due to the wind the team even interrupted scheduled long runs during the afternoon.
