BMW International Open Players' Night: Oktoberfest comes early!

Munich. Day two of the BMW International Open drew to a close with the popular Player's Night on Friday evening. The players and guests attended a traditional Bavarian evening at the fashionable P1 club in Munich.

Sporting Lederhosen and Dirndls provided by partner Wiesnkönig, the stars and their partners enjoyed the typical Bavarian hospitality and took on entertaining challenges. No Players' Night would be complete without the traditional tapping of the beer keg. This honour went to Masters champion Sergio García and Open winner Henrik Stenson, who cut a fine figure in their traditional Bavarian costumes – as did García's fiancée Angela Akins, Emma Stenson, and a host of other top golfers.
