## **BMW Group Appoints Jessica Fang as Vice President, Corporate Affairs, BMW Group China.**

**Beijing.** BMW Group announced today that Jessica Fang has been appointed Vice President, Corporate Affairs, BMW Group China, effective June 1st, 2026. In this capacity, she will also assume the role as Vice President, Corporate Communications and Corporate Social Responsibility, BMW Brilliance Automotive Ltd.

Jessica has more than 25 years of experience in public relations and communications, with a strong focus on the automotive industry. Since joining BMW Brilliance Automotive Ltd. in 2012, she has held a range of leadership roles across product and technology communications, media relations, as well as social and crisis communications. Her broad experience across different areas of the business, deep understanding of the organization, and strong commitment, provide a solid foundation for her new responsibility.

"China plays a central role in BMW Group's transformation and long-term development," says Sourour Stanke, Vice President Strategy, Services, Media House, Market Communications at BMW AG. "Jessica's leadership experience, stakeholder expertise, and deep understanding of the market will further strengthen our Corporate Affairs organization in China."

### **The BMW Group in China**

BMW Group established its presence in China in 1994. Today, China is the company's largest single market and a key driver of innovation. With its four brands BMW, MINI, Rolls-Royce, and BMW Motorrad, the BMW Group is the world's leading premium manufacturer of automobiles and motorcycles, and also provides premium financial services. In China, BMW Group has built a comprehensive footprint across the full value chain, covering investment, manufacturing, sales, R&D and digitalisation. The company operates 12 legal entities with major locations in Beijing, Shanghai, Shenyang and Nanjing. BMW Brilliance Automotive Ltd. in Shenyang, Liaoning Province, operates one of the largest production bases in BMW Group's global network, producing models including the BMW 2 Series, 3 Series, 5 Series, X1, X3 and X5. The all-electric MINI Cooper and MINI Aceman are produced in China through Spotlight Automotive, a joint venture established in 2019, which serves as a production hub for global markets.
