BMW Group: Sales continue to recover in August

Gains in largest retail market Germany

Exceptionally strong growth in China

Munich. The BMW Group sold 91,790 BMW, MINI and Rolls-Royce brand automobiles worldwide in August. The decline in sales slowed for the fifth consecutive month (prev.yr. 101,679 / -9.7%). Ian Robertson, Member of the Board of Management of BMW AG, responsible for Sales and Marketing: "We are heading in the right direction – since April we have continually regained ground month-on-month. In August the trend continued. I am cautiously optimistic that we will be back on our growth path in the months ahead and will remain the leading international supplier of premium automobiles this year, even though we will not sell as many cars in total in 2009 as in 2008."

BMW brand sales were 11.3% lower in August at 75,689 (prev.yr. 85,321) units. MINI sold 16,064 vehicles (prev.yr. 16,257 / -1.2%), while Rolls-Royce delivered 37 automobiles (prev.yr. 101 / -63.4%). Despite difficult market conditions, several BMW and MINI models made major gains: The BMW 7 Series grew by 21.0% (4,004 units/ prev.yr. 3,309) in the month under review, making it the clear global market leader in the luxury sedan segment. The BMW Z4 and BMW X6 models also remained on their growth path. A total of 2,469 (prev.yr. 1,264 / +95.3%) customers purchased the BMW Z4 – which is market leader in the roadster segment – in August. The BMW X6 made gains of 11.9% to reach a total of 3,049 (prev.yr. 2,724 / +11.9%) deliveries in August. Considerably more customers bought the MINI Convertible, with 2,507 units sold (prev.yr. 1,612 / +55.5%), and the MINI One (Hatch and Clubman versions), with 2,746 sales (prev.yr. 1,417 / +93.8%), than in August of the previous year.

Between January and August the BMW Group delivered 817,183 (prev.yr. 992,341 / -17.7%) automobiles worldwide. BMW sold 679,893 (prev.yr. 829,346 / -18.0%) units. Sales of the MINI brand for the year to the end of August were down 15.7% (136,879 units/ prev.yr. 162,297). The Rolls-Royce brand reported a decline in sales of 41.1% (411 units / prev.yr. 630) over the same period.

The BMW Group performed considerably better in its largest retail market, Germany. New registrations increased 3.5% to reach a total of 18,570 (prev.yr. 17,942). BMW brand sales were 1.1% (15,840 units/ prev.yr. 15,672) higher, while MINI reported gains of 20.3% (2,730 units/ prev.yr. 2,270) in Germany.
