A gift for gifts. The new **BMW travel bag**.

Munich. Those who travel to relatives for Christmas know the problem: on the way home, the previously full-to-bursting bag is either half full or simply too small because the gifts were larger than expected! The **BMW travel bag** with detachable carrying strap solves the problem.

Flexible and foldable.

Thanks to a Velcro® strip along the length of the bag it can be easily adjusted. The **BMW travel bag** is made using perforated microfibre and can be folded to the size of an envelope so it can be easily taken along as extra baggage, which means on the way back from the weekend shopping trip there is finally room for all those souvenirs that you simply had to buy.

The **BMW travel bag** is available from selected BMW dealers and online at www.bmw-shop.de.
