

New Husqvarna Nuda 900 ABS and Nuda 900R ABS price list.

New models available from November 2012.

Biandronno. As presented at the last Intermot Fair in Cologne, the new Husqvarna Nuda 900 ABS and Nuda 900 R ABS will be available on the market as of November 2012.

The Nuda 900 comes standard with ABS while the Nuda 900 R can be ordered with ABS as an optional fitted ex works.

The new Bosch 9MP is the most modern dual channel ABS on the market. With a system weight of about one kilogram, this ABS generation is especially lightweight and highly compact to boot. This system features valves with linear adjustments for the best possible response.

On the race track or in the face of other challenges the ABS system can be optionally disengaged.
