- New edition of the sportiest car in the premium compact segment set to be launched in 3-door and 5-door form in July 2017. New model sees BMW writing the next chapter in the BMW 1 Series success story: around one million units of the 1 Series were sold between 2011 and 2017. Clear focus on Europe, which accounts for over 70% of sales. Largest markets are Germany, Great Britain and China.
- New Edition Sport Line Shadow, Edition M Sport Shadow and BMW M140i Edition Shadow special editions underline the car's distinctively sporty yet elegant appearance with a black kidney grille, black inserts in the LED headlights and darkened LED rear lights.
- Two new exterior colours – Sunset Orange and Seaside Blue – give the BMW 1 Series even greater presence. Five new light-alloy wheel variants (17-inch and 18-inch) bring further lustre to the exterior.
- Completely newly designed instrument panel with enhanced driver focus provides a more generous feeling of space. Exclusive materials and a new leather upholstery variant lend added class to the interior.
- Innovative operating concept with latest-generation iDrive system. Optional Navigation system Professional with 8.8-inch touchscreen, voice control and iDrive Controller with touch-sensitive interface.
- BMW ConnectedDrive Services ensure an extremely high level of connectivity. New BMW 1 Series is available with Real Time Traffic Information (RTTI) with hazard preview, On-Street Parking Information, vehicle access via Remote Services and the integrated Microsoft Exchange function for sharing and editing emails, calendar entries and contact details. Smartphone integration via Apple CarPlay, inductive charging and a WiFi hotspot for up to ten devices are all available.
- Wide range of powerful and efficient engines includes three-, four- and six-cylinder petrol units and cutting-edge three- and four-cylinder diesel variants. Outputs range from 80 kW/109 hp in the BMW 116i to 250 kW/340 hp in the BMW M140i (fuel consumption combined: 7.8 – 3.6 l/100 km [36.2 – 78.5 mpg imp]; CO<sub>2</sub> emissions combined: 179 – 96 g/km)\*.
- Rear-wheel drive (not offered by any rival) delivers standout dynamics in the segment. BMW xDrive intelligent all-wheel-drive is available as an option.
