The former European Tour player will be on the microphone on Thursday and Friday from 12:30 to 18:00, and from 13:30 to 18:00 on the Weekend. However, the services provided by the “Data Experience powered by NTT DATA” goes far beyond the stream. Golf fans benefit from a live leaderboard, as well as a live ticker, which allows them to select their favourite pros and receive updates on those players. Rounding off the offering is a detailed hole-by-hole scoring service, which BMW Golfsport is providing in collaboration with main partner NTT DATA.

Florian Fritsch's voice will also be heard in an exclusive podcast on the BMW International Open. This will be produced on a daily basis from Wednesday to Sunday, in cooperation with Germany's most notable golf podcast “TEE

TIME – Der Golf-Podcast" – and can be listened to in the extensive media library. The daily tournament show "Inside the ropes", with presenter Jule Gölsdorf, exciting videos of the top players and the tournament, and a host of other editorial treats, round off the audio-visual experience.
