**Munich.** Riding a motorcycle while listening to music – both fit well together, as they promise deep emotional experiences and intense pleasure on two wheels. It is not for nothing that generations of artists have dedicated their songs to the experience of motorcycling.

To ensure that beats and basses perfectly complement the ear while riding, BMW Motorrad has long been engaged in intensive development work on its sound systems. With its now agreed long-term partnership with world-renowned British company **Marshall Amplification**, the innovation and quality of BMW Motorrad sound systems are set to reach new heights.

For 60 years, Marshall, originally from Hanwell, London, now based in Bletchley, Milton Keynes (UK), have produced legendary guitar amplifiers used by the world's best musicians. Since 2012 they have expanded their audio quality into award winning headphones and active speakers designed for music lovers.
