BMW Golf Cup, one of the world's largest amateur golf tournament series can trace its roots back a quarter of a century to a British-based initiative that ran on its own for five years before going international. The tournament started as the BMW Invitation Tournament in UK. It has now developed into a global series with 1,000 qualifying tournaments involving 100,000 players in up to 50 countries. The best players from each nation qualify for the highlight, the BMW Golf Cup World Final.

An exclusive, invitation-only event, the BMW Golf Cup 2025 is open to golfers who are members of recognised golf clubs in country. The tournaments are held in accordance with the rules of the respective local golf club. It is also a loyalty program that rewards BMW customers with a chance to qualify for one of the largest amateur golf tournaments in the world. BMW India dealers identify amateur golfers amongst BMW owners who would be interested in participating in the tournament.

India is one of 50 participating countries at the World Final of BMW Golf Cup 2025 which is a global series with 1,000 qualifying tournaments involving 100,000 players. The BMW Golf Cup is an amateur golf tournament series designed for customers, prospects and opinion leaders and provides the right mix for an exclusive social interaction.

The BMW Golf Cup has three categories, A (for handicaps up to 12), B (for handicaps 13 – 28) and Ladies Category (for handicaps up to 28). The winners, runners-up and second runners-up of the individual handicap categories qualify for the National Final.
