

**BMW
MOTORRAD**

THE BMW S 1000 R.

THERE IS NO RESTING PULSE

The air is filled with the smell of fuel. An engine revs up: 170 hp. Pure power unfolds. It's show time for the S 1000 R, or "Single R", for short. Dynamic roadster on the outside, superbike DNA on the inside. Ultra agile, ultra precise. The aesthetic: rough, yet clean. A naked bike par excellence – even the colors will get your heart racing. The Splitface LED headlight and the R logo have an aggressive look: ready for the ultimate challenge, or the most exhilarating trips. #NeverStopChallenging.
