Train for the Untamed Terrain. BMW Motorrad kick-starts GS Experience 2026 training program.

GS Experience to be held in 9 cities across India.

Master the thrill of adventure riding with exclusive two-day rider training program.

Gurugram. BMW Motorrad announces the schedule of its most awaited rider training program- GS Experience 2026 in India. The GS Experience presents an unparalleled opportunity for riders to discover the extraordinary prowess of BMW Motorrad's iconic GS series, perfectly suited to its natural terrain. This exclusive, two-day event offers Level 1 and Level 2 training modules tailored specifically for owners of BMW's GS adventure motorcycles, blending expert instruction with real-world riding conditions to deepen riders' mastery and confidence.

BMW Motorrad will host this two-day immersive training for GS owners across 9 cities – Chandigarh, New Delhi, Mumbai, Bengaluru, Ahmedabad, Pune, Hyderabad, Kochi and Chennai.

Mr. Hardeep Singh Brar, President, BMW Group India, said, "The GS is not just a motorcycle, it's a beacon of adventure. BMW Motorrad is redefining the spirit of adventure biking in India, and the GS Experience is our commitment to empowering riders to push boundaries safely and confidently. This program is more than just training; it is an invitation to join a community of passionate riders ready to explore new horizons. With guidance from our world-class BMW Motorrad IIA trainers, participants will refine their skills, harness the advanced technology of GS motorcycles, and embrace the true Spirit of GS."

For the first time, the GS Experience Level 1 and Level 2 modules offer simultaneous training on separate tracks for 20 Smart CC (310 GS) riders and 20 Core (650 CC and above) GS riders. The Level 1 training assists riders to understand and master basics of off-road riding. The module includes basic familiarity of the motorcycle, understanding of correct rider position, enduro steering and other exercises such as off-road riding, emergency stops on slope, emergency braking and riding on inclines. Riders automatically qualify for level 2 training upon successful completion of level 1.

The GS Experience Level 2 Training Program is designed to enhance off-road riding skills for advanced riders, focusing on challenging terrains and scenarios. A key element is mastering the correct riding position, crucial for maintaining balance and control, especially when maneuvering through varied surfaces like sand, gravel, and slush. Riders will be introduced to Enduro Pro mode, which optimizes the motorcycle's dynamics for off-road conditions by adjusting ABS, traction control, and power delivery, ideal for managing emergency braking and navigating tricky landscapes. Enduro steering techniques, such as Figure of 8 exercises, help improve tight cornering and control in confined spaces. Participants will also practice riding off-camber, tackling uneven slopes with precision, as well as managing uphill and downhill riding on long, steep terrains. Riding in sand and gravel requires a balance of throttle control and body positioning, which is refined during these sessions. Techniques for quick U-turns and motorcycle recovery on slopes ensure riders are prepared for unexpected situations in real-world off-road environments, boosting their confidence and skill level.

The GS Experience showcases the dynamic qualities of each GS model in real-world conditions and techniques to enjoy the Spirit of GS while ensuring highest safety. Each session includes a briefing and demonstration by BMW Motorrad IIA (BMW Motorrad International Instructor Academy) certified trainers, that will take riders through the impressive array of technologies available on the GS range of motorcycles. The sessions offer riding experience on a combination of bitumen and off-road under expert supervision.

For registration and further details please contact the nearest BMW Motorrad Dealership.

No.	City	Date
1	Chandigarh	14 – 15 February 2026
2	New Delhi	21– 22 February 2026
3	Mumbai	28 February – 01 March 2026
4	Bengaluru	28 – 29 March 2026
5	Ahmedabad	05 – 06 September 2026
6	Pune	12 – 13 September 2026
7	Hyderabad	19 – 20 September 2026
8	Kochi	26 – 27 September 2026
9	Chennai	10 – 11 October 2026

BMW Motorrad GS Experience Rules and Regulations

1. Eligibility and Registration
 - Participants must be at least the minimum age required by local regulations.
 - A valid motorcycle driving license appropriate for the training motorcycle category is mandatory.
 - Registration must be completed prior to the training date; spots are limited and allocated on a first-come, first-served basis.
 - Only confirmed participants are allowed to attend the training sessions.
2. Motorcycle Requirements
 - Only BMW GS models specified by the training (e.g., Smart CC 310 GS, Core 650 CC and above) are permitted.
 - Motorcycles must be in safe, fully operational condition and comply with all local legal requirements.
 - Any modifications affecting safety, performance, or handling must be approved by instructors prior to training.
 - Participants are responsible for their own motorcycles during the training.
3. Mandatory Protective Gear
 - Full protective gear is required: helmet (DOT/ECE/ISI approved), gloves, riding jacket with armor, riding pants, and enduro boots.
 - BMW Motorrad-approved gear is strongly recommended to ensure maximum protection.
 - Failure to wear appropriate gear may result in exclusion from training.
4. Training Conduct and Discipline
 - Participants must strictly follow all instructions and safety guidelines provided by trainers.
 - Unsafe or reckless riding behavior is prohibited and may lead to immediate dismissal from the course.
 - Respectful and cooperative behavior toward instructors, staff, and fellow participants is required at all times.
5. Health and Fitness
 - Riders must be in good physical and mental condition to participate safely.
 - Any medical conditions that may affect riding ability should be disclosed before the training.
 - Alcohol or drug consumption before or during training is strictly forbidden.
6. Liability and Insurance
 - All participants must sign a liability waiver before the start of the training.
 - BMW Motorrad is not responsible for personal injury, motorcycle damage, or third-party claims.
 - Participants are advised to have valid health and motorcycle insurance coverage.

7. Training Attendance and Punctuality

- Full attendance for all scheduled training sessions is required for certification.
- Late arrivals or early departures must be communicated in advance and approved by the instructor.
- Training schedules may be adjusted due to weather or safety conditions at the discretion of the instructor.
