The calm to your storm: The first-ever BMW i5 Long Wheelbase launched in India.

BMW India's first locally produced electric sedan that leads its class in size, rear space, and electric range.

Robust 81.6 kWh battery that delivers a massive range of up to 669 km.

Engineered for supreme comfort, the rear-axle air suspension enhances ride quality, creating a serene and luxurious driving experience.

Elevating the segment with an illuminated kidney grille, bold silhouette, Sky Lounge Panorama glass roof, a vegan interior, CraftedClarity crystal glass elements, and a concert-level Bowers & Wilkins surround sound experience.

All 99 units of the exclusive 'First Edition' sold-out before launch.

Gurugram. BMW India has launched the first-ever BMW i5 Long Wheelbase (LWB) in the country. The car can be booked at BMW dealerships across India and at www.bmw.in.

The first-ever i5 Long Wheelbase will be locally produced at BMW Group Plant Chennai and the deliveries will begin immediately.

Mr. Hardeep Singh Brar, President and CEO, BMW Group India said, "The first-ever BMW i5 Long Wheelbase is more than a new model launch; it is a defining statement of our India strategy. As our first locally produced electric sedan, it brings together the two strongest pillars of our future growth: electrification and long wheelbase luxury. Purpose-built for the expectations of Indian customers, it showcases our growing local manufacturing capabilities while reinforcing BMW's leadership in sustainable mobility. With its commanding presence, cutting-edge electric technology and class-leading rear-seat comfort, the BMW i5 Long

Wheelbase is equally rewarding to drive and to be driven in. It seamlessly combines signature BMW driving dynamics with first-class chauffeur-driven luxury, creating an experience unlike any other in its segment. The first-ever BMW i5 Long Wheelbase sets a new benchmark for the modern executive sedan and redefines what customers can expect from electric luxury mobility. We are not entering a segment; we are creating one."

The introductory ex-showroom price is:

BMW i5 eDrive35L M Sport	:	INR 79,60,000
BMW i5 eDrive35L M Sport (FIRST EDITION)	:	INR 79,60,000

The i5 LWB First Edition is offered at the same price as the regular variant, rewarding the earliest customers with an exclusive proposition and exceptional value.

Price prevailing at the time of invoicing will be applicable. Ex-showroom prices inclusive of GST as applicable but exclude Road Tax, Tax Collected at Source (TCS), RTO statutory taxes/fees, other local tax cess levies and insurance. Price / options are subject to change without prior notice. For further information, contact an authorised BMW dealer.

The first-ever BMW i5 Long Wheelbase is available in four exciting metallic paintworks – Mineral White, Phytonic Blue, Carbon Black and Oxide Grey. The car features a fully vegan interior upholstery with a standard dual-tone upholstery combination Venganza Perforated | Copper Brown & Atlas Grey.

The first-ever BMW i5 LWB

The **exterior** of the first-ever BMW i5 Long Wheelbase is a masterful expression of modern elegance and commanding presence. Its steeply inclined A-pillar, flowing roofline, and gently sculpted rear create a refined silhouette that exudes both sophistication and effortless dynamism. Length: 5,175 mm, width: 2,156 mm, height: 1,520 mm and wheelbase: 3,105 mm make the first-ever BMW i5 LWB the **biggest car in the segment with the most spacious cabin**. The prominently positioned BMW kidney grille serves as the defining focal point of the vehicle's front design. Framed by a wide surround and enhanced by BMW Iconic Glow contour line lighting, it creates a striking and sophisticated visual presence. Along the sides, elegantly sculpted surfaces, a flowing shoulder line, and beautifully contoured rear wheel arches come together to convey a sense of refinement, stature, and modern luxury.

The newly interpreted **Hofmeister kink** is shallower and broader with an elegantly embossed '5' badging. Black side skirts, flush-mounted door openers, 5 pattern welcome carpet light and the **20-inch M alloy wheels** with tubeless tyres are further eye catchers. **Adaptive LED headlights** with the hallmark four-eye face with vertical strips set the scene for new, visually appealing daytime

running lights. The slim LED taillights feature the hallmark L-shaped with an innovative 'twin light' design emphasizing the car's width.

The **interior** of the first-ever BMW i5 LWB creates an ideal environment for enjoying hallmark BMW driving pleasure and comfort in everyday traffic and long-distance journeys. Generous space, innovative equipment with modern functionality, and fine workmanship optimize the travelling comfort and characterize the ambience of this dynamic business sedan for digital age. The **BMW Curved Display** consists of a 12.3-inch Information Display behind the steering wheel and a Control Display with 14.9-inch screen. They merge into a single fully digital and high-resolution display unit. The illuminated **BMW Interaction Bar** looks like a piece of crystal jewellery. It extends below the trim strip across the entire width of the dashboard, far into the door panels. It integrates the ambient light, AC controls and almost invisible air vents into an aesthetic experience. Additionally, **CraftedClarity** visually enhances the interior and consists of a handmade crystal glass element for selected controls. **Comfort seats** with perforated vegan leather upholstery have active seat ventilation at the front. The rear cabin offers an extraordinary sense of spaciousness and refinement. The sumptuous seating with enhanced cushioning and support along with the generous legroom creates effortless comfort on every journey. The **Sky Lounge Panoramic Glass Sunroof** adds to the sense of space and thanks to the LED-based light design, you can enjoy a captivating atmosphere. Cabin temperature can be individually adjusted with Four zone air conditioning. **Bowers & Wilkins Surround Sound System** has exceptional audio experience at concert hall level.

Marking the arrival of the first-ever BMW i5 LWB, BMW India launches an exclusive **First Edition**, limited to the **99 customers**, celebrating a significant milestone in the brand's electrification journey in India. Reflecting unprecedented customer response, the highly coveted First Edition sold out completely prior to the official launch. The exclusive BMW i5 LWB First Edition elevates luxury and rear-seat comfort with a dedicated rear seat entertainment package featuring a tablet and tablet holder. The interior also gets exclusive BMW Individual Silver Bronze accent combined with Fineline open-pored fine-wood trim and Silver Bronze inlay. Distinctive 'FIRST EDITION' laser engraving on the dashboard trim further underscores its exclusivity. The First Edition is offered in a unique specification, combining the elegant Carbon Black Metallic exterior paint finish with striking Titanium Bronze exterior accents, creating a truly distinctive presence on the road.

BMW Operating System 8.5 offers all the possibilities for interaction between occupants and the vehicle – using touch or voice. It is complemented by the BMW Intelligent Personal Assistant system that adopts driver's individual habits and

proactively provides useful tips on driving functions. Regular Remote Software Upgrades ensure that the car is always up to date.

MyBMW App functions include popular options for keeping an eye on the current vehicle status at all times. The innovative Digital Key Plus services turn compatible smartphone or smartwatch into a car key and can be transferred to up to 18 users, along with their personal vehicle settings. One can remotely lock/unlock and configure top speed, engine power, audio and more. Wireless Apple CarPlay® / Android Auto for smartphone opens up access to a range of functions and apps.

The new control panel on the center console has - iDrive Controller, new gear selector switch, start/stop button, My Modes buttons, volume control and buttons for controlling other vehicle functions. An interior camera can take photos and record videos including sound and also via the smartphone through the MyBMW app. Wireless mobile charging trays are integrated in the front console and rear armrest along with multiple USB-C ports.

Travel & Comfort System provides entertainment on personal devices with WiFi Hotspot using a personal e-sim. In addition, mounting options are available for tablets/personal devices to serve as rear entertainment screens.

BMW eDrive technology in the BMW i5 eDrive35L features a highly integrated drive unit within a single housing that is powered by an electric motor, single-speed transmission and power electronics. The car instantly accelerates from 0 to 100 km/hr in 6.7 seconds with a top speed of 195 km/hr. It produces an output of 268 hp and a maximum torque of 410 Nm. The high-voltage battery combines compact dimensions with high energy density and it provides a gross energy content of 81.6 kWh. The BMW i5 eDrive35L has an exceptional range of up to 669 kilometres determined in the MIDC test cycle. The car comes with a complimentary BMW Wallbox charger with installation. It can be integrated at home to enable safe and convenient charging up to 11kW. The vehicle also supports **up to 160 kW DC fast charging**, enabling a 10% to 80% charge in just 33 minutes.

Designed to conquer Indian road conditions, the first-ever BMW i5 LWB features an **Adaptive rear-axle air suspension** and enhanced ground clearance that guarantees superior ride comfort, composure, and signature BMW driving pleasure across all terrains. **Comfort Suspension** gives a luxurious ride with minimum body roll giving a high degree of stability with sporty dynamics. The 20" alloy wheels feature a mixed tire configuration with wider rear profiles, enhancing traction while delivering a poised and exceptionally comfortable ride.
