CO2 Emissions: 122 g/km

^[1] The petrol consumption given in l/100km and the CO2 emission given in g/km represent average estimated values. Values within brackets are valid for the selected automatic transmission. * The CO2 emissions displayed may differ depending on which options are selected for the vehicle. A change in CO2 emissions could result in a change in vehicle registration tax (VRT). Please consult your retailer for further information on the CO2 emissions. This information has been calculated with due care and attention but it is general in nature and assumptions have been made on the options chosen by a customer. BMW Ireland accepts no liability for any errors or omissions and reserves the right to amend these specifications without notice.

^[2] Prices shown are the Recommended Retail Price (RRP) which includes VAT and vehicle registration tax (VRT) but excludes on the road delivery charges. The RRP has been calculated with due care and attention but the RRP is dependent upon variables including VRT. VRT is determined by the vehicle's CO2 emissions. Customer choices including additional options, transmission type and tyre choice will impact on CO2 emissions and may result in a change in VRT.[VRT is based on a CO2 emission of (XX) g/km.]The RRP is by its nature indicative only and in no way constitutes an offer to buy or sell BMW vehicles. Retailers are free to set their own individual prices. BMW Ireland does not warrant the accuracy and completeness of such descriptions, illustrations and specifications and BMW Ireland accepts no liability whatsoever arising from this information. BMW Ireland reserves the right to alter RRP and specifications without notice.
