ABB FIA FORMULA E CHAMPIONSHIP 2017/18.

PUNTA DEL ESTE (URU).

THE DRIVERS.

"After a disappointing time in Mexico City, I'm looking to make amends in Punta del Este. I've heard great things about the track and venue, it's so cool that we get to visit such places in Formula E. The MS&AD Andretti team has been working hard in the short break to make sure there are no repeats of the setbacks that cost us in Mexico. We have proven as a team that if we get everything right, we can be up there in the points so that's the aim!"

"I'm looking forward to going back to Uruguay and the Punta del Este E-Prix. It was always one of the most fun weekends on the Formula E calendar with an amazing location right next to the sea. The MS&AD Andretti team was very motivated coming back from Mexico City and we are trying to carry on the momentum from our qualifying performance and improve on the lows that we experienced in Mexico. I am sure we will take another step forward as a team, keep building on it and score more points."

"The picturesque, beach side location of Punta del Este has always been a favorite location and features a fast and demanding racetrack. In Season One, the Andretti Formula E team scored its first pole position in Punta del Este and now the MS&AD Andretti team is excited to return after a strong qualifying performance in Mexico City just two weeks ago. Mexico City brought the team's first Super Pole spot of Season Four and everyone is keen to repeat that. Strong pit stops in Mexico also helped António secure another points finish. This points scoring consistency is key to the overall development of the team."
