BMW X3 M50 xDrive¹: new Black Package and improved performance.

- The new Black Package elevates the dynamic appearance of the BMW X3 M Performance models, adding an exclusive touch both inside and out.
- 22-inch M light alloy wheels, specially designed interior with high-quality Alcantara finish.
- Performance of the 3.0-litre straight-six petrol engine increases by 33 kW (45 hp) to reach 326 kW (443 hp).
- Further product enhancements for the entire BMW X3 series due from December 2026.

Munich. The BMW X3 M50 xDrive¹ makes even more of a mark: the new Black Package for the M Performance model of the BMW X3 will be available from December, further emphasising the BMW M DNA inherent in this model. The performance of the 3.0-litre straight-six petrol engine will also receive a boost, reaching 326 kW (443 hp). At the same time, all BMW X3 models will benefit from targeted product enhancements.

Accents inspired by motorsport.

Available exclusively for the BMW X3 M50 xDrive, the Black Package adds striking interior and exterior accents with motorsport-inspired details. The exclusive 22-inch Polygon 1134 M Black light alloy wheels add one inch to the tyre portfolio of the BMW X3 M50 xDrive. Further M light alloy wheels are available as optional extras. The callipers on the M Sport brakes feature an exclusive high-gloss black finish and are decorated with a monochrome M logo. The Black Package renders the M logos and the model badges in high-gloss black with a silver outline.

The carbon look and extensive Alcantara finish in the interior create the direct motorsport connection. Parts of the driver's side instrument panel, the area in front of the central display and the smartphone tray with inductive charging are finished in black BMW Individual Alcantara. This material is also used for the door trims and the armrest in the centre console. The M Logo on the headrests is embossed on the Alcantara surface. The specific black Alcantara/Veganza

¹ BMW X3 M50 xDrive: Combined energy consumption: 8.8 – 8.1 l/100 km (WLTP); combined CO₂ emissions: 199 – 185 g/km (WLTP); CO₂ class(es): G

seat covers boast blue stitching and piping. A flag in the M colours is visible on the black floor mats with blue piping. Selected control elements in the interior have been embellished with the BMW Individual CraftedClarity glass application. The M steering wheel also boasts an exclusive airbag impact absorber in leather.

Improved performance for the 3.0-litre straight-six petrol engine.

The heart of the BMW X3 M50 xDrive has become even more powerful. The performance of the 3.0-litre M TwinPower Turbo straight-six petrol engine with 48-volt mild hybrid technology is increasing by 33 kW (45 hp) to reach 326 kW (443 hp). The BMW X3 M50 xDrive can now sprint to 100 km/h from rest in 4.4 seconds. Applying the 1-foot rollout method², the 100 km/h mark is reached in an even quicker 4.1 seconds. All BMW X3 M50 xDrive models benefit from the performance improvements, which are not dependent on the Black Package. This engine meets all the stipulations of the Euro 7 emissions standard.

Enhancements for the entire BMW X3 series.

All models in the BMW X3 series will be available with interior enhancements from December 2026. The area in front of the central display comes with a PVC Softskin surface, while the instrument panel is finished with a new stitching pattern. The storage compartment in the centre console and the inside door handles are provided with ambient lighting. These features are complemented by a new design for the glove box opener and stainless-steel edge guards for the boot sill³. All BMW X3s with the M Sport Package and all M Performance models will have entry sills in Dark Silver with a black M logo. The four-cylinder engine in the BMW X3 20 xDrive⁴ is now compliant with Euro 7.

² Value with "rollout" subtracted. With this alternative measuring method, time measurement only begins after leaving a light barrier. The driving distance (the "rollout") not taken into account in the measurement is 1 foot = 30.48 cm.

³ Only for BMW X3 30e xDrive and BMW M50 xDrive.

⁴ BMW X3 20 xDrive: Combined energy consumption: 8.2 – 7,4 l/100 km (WLTP); combined CO₂ emissions: 185 – 169 g/km (WLTP); CO₂ class(es): G – F

Q&A: BMW X3 M50 xDrive and Black Package.

What is the Black Package for the BMW X3?

The Black Package is an optional styling package that is exclusively available for the BMW X3 M50 xDrive. Specific exterior and interior features underline the dynamic character of the M Performance model, adding an exclusive touch to the interior appearance.

What is in the Black Package for the BMW X3 M50 xDrive?

The Black Package for the BMW X3 M50 xDrive includes 22-inch Polygon 1134 M Black light alloy wheels and high-gloss black brake callipers, M logos and model badges. In the interior, the package expands the area finished in Alcantara, adding blue stitching and piping, an M interior trim in M aluminium-carbon structure as well as BMW Individual CraftedClarity glass application for interior elements.

Does the Black Package also improve the performance of the BMW X3 M50 xDrive?

No, although the performance of the BMW X3 M50 xDrive is increasing by 33 kW (45 hp) to a total of 326 kW (443 hp). However, the increase applies to all BMW X3 M50 xDrive models and is not a component of the Black Package.

Is the Black Package also available for other BMW X3 models?

No. The Black Package is exclusively available for the BMW X3 M50 xDrive. Other models in the BMW X3 series will benefit from targeted enhancements at the same time.
