BMW M2 COUPÉ PRICE LIST. FEBRUARY 2016.

CO ₂ Tax including 14% VAT	M2 Coupé
6-speed Manual	8 105
7-speed M-DCT	6 669

Recommended retail price including 14% VAT, but excludes CO ₂ emissions tax.	M2 Coupé
6-speed Manual	791 000
7-speed M-DCT	841 900

Engine Specifications and Performance	M2 Coupé
Cylinders/valves	in line 6/4
Capacity (cc)	2 979
Maximum Power (kW/rpm)	272/5 800-6 000
Maximum Torque (Nm/rpm) - With Overboost	500/1 300-4 500
Top speed (km/h)	250
Acceleration 0 – 100 km/h	4.5 [4.3]
Combined Consumption (l/100 km)	8.5 [7.9]
CO ₂ (g/km)	199 [185]

Code	Drivetrain Technology	M2 Coupé
	Active M Differential, electronically controlled multi-plate limited-slip differential	■
	Automatic Start/Stop function, reduces fuel consumption by switching off the engine when the vehicle comes temporarily to a stop	■
	M Performance TwinPower Turbo inline 6-cylinder petrol engine	■
	Brake discs, compound structure, front and rear, internally-ventilated, drilled	■
	Brake pad wear indicator, single-stage wear measurement on one side, front and rear	■
	Driving-dynamic control systems, enables individual adjustment of propulsion, chassis and suspension components (e.g. throttle response, Power steering and Dynamic Stability Control systems)	■
	Electronic differential lock, specific DSC tuning with traction optimisation; optimises acceleration out of turns and sharp bends by braking at the rear wheels; function is possible in DSC-OFF mode only	■
	Exhaust tailpipe visible, round, left and right, twin dual with finisher in high-gloss chrome	■
	Manual transmission 6-speed	■
	Oil sensor for level and grade, electronic sensing of oil grade and level, indication in the instrument cluster	■
SA2MK	M Double Clutch Transmission with Drivelogic	50 900
	Steering, electrically assisted	■

Code	Exterior Equipment	M2 Coupé
	Paintwork	M2 Coupé
	Metallic Paintwork: Black Sapphire (475), Mineral Grey (B39) or Long Beach Blue (C16)	2 500
	Solid Paintwork: Alpine White III (300)	□

Code	Wheels	M2 Coupé
SA2VZ	Double-spoke, styling 437 M, mixed tyres, rim colour Jet Black, front: 9J×19", 245/35 R19, rear: 10J×19", 265/35 R19	■

Double-spoke, styling 437 M, mixed tyres

Code	Exterior Equipment continued	M2 Coupé
SA431	Automatic anti-dazzle interior mirror	■
	Door handles in body colour	■
	Bumpers in body colour, front and rear	■
	Exterior mirrors, electrically adjustable, with integrated additional turn indicator, mirror glass aspheric on driver's side, convex on passenger side. Mirror caps in body colour	■
SA403	Glass Sunroof, electric with sliding and vent function	10 100
SA502	Headlamp washer system	■
SA760	High-gloss Satin Chrome	■
SA430	Interior and Exterior mirrors with automatic anti-dazzle function	4 200
SA320	Model designation, deletion	□
SA507	Park Distance Control (PDC) Rear	4 900
SA521	Rain sensor and automatic headlight control	■
	Roof mouldings in body colour	■
SA420	Sun protection glazing	2 400
SA3AP	Windscreen with grey shade band	■
SA522	Xenon headlights	■

Code	Upholstery	M2 Coupé
LCNL	Leather Dakota Black/contrast stitching in blue	■

Code	Interior Trim Finishers	M2 Coupé
SA4MC	Interior trim finishers Carbon Fibre	■

Code	Interior Equipment	M2 Coupé
SA575	Additional 12V power sockets	■
SA775	Anthracite roof lining	■
SA4AE	Armrest Front, retractable	■
SA534	Automatic air conditioning with microfilter	■
SA544	Cruise Control with Brake Function	■
	Electronic vehicle immobiliser (EWS IV)	■
SA563	Extended Light Package	■
SA5DC	Folding rear-seat headrests	■
	Grab handles, integrated in roof lining	■
	Heat protection/sun protection glazing, made of toughened safety glass green-tinted all round, windscreen laminated safety glass. Less heat and light penetrating the glass, so less tendency for the interior to heat up	■
	Interior lighting, front centred over interior mirror and in rear centre; automatic interior light activation by door-opener handle, ignition, collision sensor and radio remote control	■
	Instrument cluster, individual round instruments for speed and engine revolutions. Indicator for Automatic Start/Stop function. Fuel gauge, readout for total distance travelled, readout for partial distance travelled in LCD technology, outside temperature gauge with outside temperature warning, clock, Condition Based Service (inspections are scheduled to suit the way in which the car is driven), variable display, Check-Control, indicators for Personal Profile functions, gear indicator for cars with automatic transmission, fuel-consumption indicator in the on-board computer	■
	Keyless engine start, Start/Stop button, including MSA OFF button	■
	Lashing eyes in luggage compartment	■
	Locking system with central locking, including 2 remote controls with integrated key, central locking for all doors, fuel filler flap and tailgate, separate button for exclusive opening of tailgate, adjustable automatic locking after pulling away by means of Personal Profile	■
	Luggage-compartment light	■
SA488	Lumbar support for driver and front passenger (electrically adjustable)	3 750
SA249	Multifunction for steering wheel	■
	On-board computer, with indicator in instrument display and remote control by steering-column stalk. Display of average consumption and current consumption, range, average speed, clock and date, outside temperature with acoustic ice warning (at +3 °C)	■
	Personal Profile, content depends on selected optional equipment. Operation by radio. Extended scope (selectable by iDrive controller) in combination with option code 609 Navigation System Professional.	■
	Power socket (12V), in the centre console	■
	Remote control, including integrated key, one button for opening and one button for closing all lockable contents, opening and closing the windows, separate button for exclusive opening of tailgate	■
SA459	Seat adjustment, electric with memory for driver's seat	10 200
SA494	Seat heating for driver and front passenger	4 100
SA441	Smoker's package	■
SA481	Sport seats for driver and front passenger	■
SA248	Steering wheel heating	2 500
SA493	Storage compartment package	■
	Sun visors, with vanity mirror and slide cover for driver and passenger, ticket bag, illumination available in combination with SA563 Lights package	■
SA465	Through-load Facility	3 250
SA423	Velour floor mats	■
	Window lifts, electrical, toll-booth function open-close on driver's and passenger sides, convenient opening and closing for both doors (also via radio-remote control), trap release	■

Code	Safety	M2 Coupé
	3-point seat belts, at all seats, including pyrotechnic belt tensioners at front and belt force limiters at front, rear belt buckles coded to prevent occupants from attempting to use wrong belt	■
	3rd brake light	■
SA845	Acoustic seat belt warning	450
SA524	Adaptive headlights, variable light distribution, variable beam-throw control for urban environments and motorways	■
SA302	Alarm system with radio remote control, for monitoring doors, engine-compartment lid and tailgate, including interior-movement sensor, tilt sensor and emergency power siren, including anti-theft security system	■
	Antilock Braking System (ABS), maintains the steerability of the vehicle irrespective of road-surface conditions, prevents the wheels from locking by regulating braking pressure. Including brake assist to help shorten braking distance by maximum braking-force assistance in abrupt braking (full brake application). Includes Cornering Brake Control (CBC) to stabilise the vehicle when cornering	■
SA8S3	Automatic lock when driving away	■
	BMW Mobility System, consisting of portable container with 12V compressor, integrated sealant injection bottle and injection hose	■
	Bumper system, with replaceable deformation elements at front and rear for impacts up to 15 km/h	■
	Child seat ISOFIX attachment, for the two outer rear seats. 3 bows for securing child seats to seat backrest	■
SA322	Comfort Access	7 600
	Crash sensor, disengages the Center Lock function of the central locking system to facilitate the exit of occupants or expedite outside assistance, switches on the vehicle's interior lighting and activates the hazard warning flashers in order to warn other road users in good time. Activation of the safety battery terminal clamp	■
SA8TN	Daytime driving lights selectable by Lights menu	■
SA8TG	Double locking function	■

Code	Safety continued	M2 Coupé
SA5AS	Driving Assist, camera based driver assistance system consisting of Lane Departure Warning, Approach Control Warning and Attentiveness Assist	6 200
	Dynamic brake lights, different light functions depending on how brakes are applied: under severe braking the brake lights flashes initially, when the vehicle has slowed to an appropriate speed the hazard warning flashers are activated and the brake lights show normally without flashing	■
	Dynamic Stability Control (DSC) with extended contents, comprises ABS, ASC, DTC, CBC including DBC. Prepared for CBS. Including anti-fishtailing logic for trailer, pull-away assist, dry braking, braking readiness	■
	Dynamic Traction Control (DTC), switchable functions of Dynamic Stability Control (DSC) for improved traction	■
	Follow-me-home function for head lights	■
	Front airbag system for driver and front passenger, side airbag system (pelvis/thorax) in the front seat backrests, intelligent control of airbag trigger	■
SA5DA	Front passenger airbag deactivation	■
	Head airbag front and rear, curtain head protection system that also protects rear-seat occupants, including protective sail as splinter protection	■
	Headrests, for all seats	■
SA5AC	High Beam Assist	■
SA2PA	Locking wheel bolts	■
	Rear backrest, foldable and 60:40 dividable, plain load floor when folded	■
SA3AG	Rear view camera (only with SA507)	4 600
	Reversing light in rear light cluster, on one side	■
	Safety battery terminal clamp	■
	Seat-belt security check for driver and front passenger	■
	Side airbags for driver and front passenger, integrated into the front seat backrests (thorax)	■
	Side turn signal indicators, integrated in exterior mirrors	■
SA8TH	Speed Limit Info (only with SA609), (not with SA3AP)	3 150
	Standard seat for driver and passenger, manual adjustment of seat height, seat fore-and-aft position, backrest rake and headrest height	■
	Steering column adjustment, mechanically in height and length	■
SA2VB	Tyre Pressure Monitoring, sensors on all four wheels facilitate an exact and individual monitoring of the pressure in each individual tyre	■
SA428	Warning triangle and first aid kit	■
	White direction indicator lights	■

Code	Entertainment and communication	M2 Coupé
	Aux-In jack (in centre console for external audio devices)	■
SA6NS	Convenience telephony with extended smartphone connectivity: wireless connection for compatible Bluetooth® mobiles (see www.bmw.co.za/bluetooth) phone with extended functionality including handsfree operation. Separate snap-in adapters available through BMW Parts and Accessories for charging function and connection to external aerial. Integration of a smartphone possible via a separately orderable USB snap-in adapter (available through BMW Parts and Accessories) for playing of music tracks stored on the smartphone; note mobile phone compatibility and availability of the smartphone specific USB snap-in adapter. Utilisation of the voice control system possible via the multifunction steering wheel. USB port with extended functionality for convenient connection of an MP3 player, Apple iPod or USB memory stick	5 800
SA6NH	Hands-free facility with USB interface, wireless connection for compatible Bluetooth mobile phones (see www.bmw.co.za/bluetooth) with the vehicle, including hands-free facility. Enables convenient connection of an MP3 player, Apple iPod (separate adapter cable required available through BMW Parts and Accessories – not included) or USB memory stick in the vehicle. Playback of the audio files via the vehicle's audio system, operation by equipment-dependent controls (radio controls, multifunction for steering wheel) of the vehicle. Includes 12V power socket in storage compartment of armrest front	■
SA676	Hi-Fi loudspeaker system, 1 midrange speaker in the instrument panel, 2 midrange speakers in the front door trims, 2 midrange speakers in rear side trims, 2 woofers as central bass speakers underneath the front seats, external amplifier in luggage compartment, amplifier power 205 W	■
SA674	Hi-Fi loudspeaker system harman/kardon, 1 midrange speaker in the instrument panel, 1 tweeter in the instrument panel, 2 tweeters in mirror triangle, 2 midrange speakers in the front door trims, 2 midrange speakers in rear side trims, 2 tweeters in rear side trims, 2 woofers as central bass speakers underneath the front seats, 'harman/kardon' designation as aluminium clasp on tweeters in the mirror triangle, external amplifier in luggage compartment, amplifier power 360 W	8 400
SA609	Navigation System, Professional (3D map display (incl. digital terrain modelling, land marks and city modelling, satellite imagery), iDrive with direct access buttons, 6 programmable shortcut buttons, large split-screen display, onboard Digital map storage and MP3 compatible CD drive)	23 300
SA663	BMW Professional RDS radio, with stereo speaker system, 6 speakers and 4x25 W output power, VHF/SW/MW reception, 6 programmable station buttons, traffic announcements (TP), Radio Data System (RDS), automatic volume control, integrated bass/treble/fader/balance control, forward/reverse, title search, scan and random functions, MP3-compatible CD drive, integrated Owner's Handbook, electronic service booklet, BMW Service history. Double tuner, 6.5 monitor (800x480 pixels) for extended display of on-board computer data, telephone numbers, contacts and CD/MP3 tracks, direct telephone operation by freely programmable favourites buttons, operation by iDrive controller. Aerial diversity	■

Code	BMW ConnectedDrive Services and Apps*	M2 Coupé
SA6AN	Concierge Services, personal 24/7 in-car concierge service provided by BMW. Person-to-person assistance for finding points of interest (e.g. restaurants, hotels, nearest pharmacy, ATMs, etc.), selecting destinations and planning a journey. Address data for the Navigation System (if equipped) can be transmitted directly from the BMW call centre to the vehicle and then accepted by the driver via the iDrive system (Concierge Service only supported in South Africa)	3 350
SA7S9	ConnectedDrive services package (package content consists of SA6AK, SA6AM, SA6AN and SA6AP)	9 500
SA6AK	ConnectedDrive Services, provides the services and functionalities of BMW Online and BMW Apps. BMW Online: in-car online portal that offers news, weather forecasts, online-search and Office functions. BMW Apps: permits the integration of certain smartphone applications (Apple and Android devices) such as the free BMW Connected App. This enables access to functions such as Twitter, Wiki Local, news and web radio via the iDrive system and Control Display (BMW ConnectedDrive Services only supported in South Africa)	4 700
SA6AC	Intelligent emergency calling, telematics service with manual emergency calling via SOS button and automatic emergency calling in case of an accident (based on a complex algorithm analysis of different sensor data). Transmitted data to the BMW Call Centre includes information like vehicle location, severity of accident and status of the front airbags and seat belts (Manual and Automatic Emergency Call - without data transmission - supported in Namibia, Botswana and Swaziland)	■
SA6AR	Internet, on-board viewing in the high-resolution Control Display with the vehicle stationary. Operation via the iDrive controller, which works like a conventional mouse (unlimited data usage via an integrated SIM card – for the duration of the service offer). Video streaming not supported (Internet only supported in South Africa)	1 350
SA6AM	Real Time Traffic Information, supplies real-time traffic information on highways and national roads (extended coverage of urban main and secondary roads; excludes residential areas) with detailed information about the traffic situation and alternative route suggestions (consideration is also given to historical data such as rush hour traffic) (only with SA609 + SA6AK) (RTTI only supported in South Africa)	2 000
SA6AP	Remote Services, enables usage of remote functions (e.g. door lock and unlock, horn blow, flash lights and vehicle finder – displays the current position of the vehicle on a map on your compatible Smartphone in order to find your parked vehicle) by means of the My BMW Remote App (Remote Services only supported in South Africa)	700
SA6AE	TeleServices, telematics service for automatic and manual service need transmission, and for initiation of breakdown assistance (BMW Teleservice Call, BMW Teleservice Breakdown Call and BMW Teleservice Battery Guard). Depending on the situation, service information is transmitted on an as-needed basis to the customer's preferred BMW Dealership (TeleServices only supported in South Africa)	■

Code	Service	M2 Coupé
	5 Year/100 000 km Motorplan, non-contributing service and maintenance contract	■
	BMW On Call (outside South Africa, On Call is supported in Botswana, Namibia and Swaziland)	■

- Standard feature
- No cost option
- Not available

Please note that not all options are listed. For a comprehensive list of additional options, visit your nearest BMW dealer. Prices and specifications are subject to change without prior notice. All prices include 14% value added tax. Prices exclude licence and registration fees.

*BMW CONNECTED DRIVE SERVICES & APPS – INFORMATION.

1. General information.

BMW (South Africa) (Pty) Ltd. (hereafter referred to as “BMW”) provides the customer with vehicle-specific information and support services under the name “BMW ConnectedDrive”. Services are provided by means of a SIM card installed in the vehicle. Call and data-connection costs are included in the price of the services. Insofar as it is necessary for the substantive organisation and utilisation of the services, BMW collects, stores and processes vehicle-related data and data relating to the customer’s use of the services within the legal stipulations. This information should be read in conjunction with the General Terms and Conditions of Service for ConnectedDrive, as updated or amended from time to time. The latest version of the General Terms and Conditions of Service for ConnectedDrive are also available at <https://www.bmw-connecteddrive.co.za/cdp/release/internet/servlet/legalnote>.

2. BMW ConnectedDrive basic services.

The BMW ConnectedDrive basic services “TeleServices” (SA6AE) and “Intelligent Emergency Call” (SA6AC) have already been activated at the point of vehicle transfer. In the case of BMW i vehicles, the basic services will include “Remote Services” (SA6AP) as an additional basic service.

a. TeleServices (SA6AE).

The “TeleServices” service ensures the mobility of the customer. If required or when triggered or commissioned by the customer, the vehicle’s technical data (e.g. service information concerning wear parts, vehicle-status information such as check-control notifications, battery-charge status, data for identifying and locating the vehicle in the event of a breakdown) shall be transferred to BMW. In the event that a service is required, these items of data together with the name and the customer e-mail address that the customer has provided to BMW shall be forwarded to the responsible service partner, BMW Mobile Care/BMW On Call or respective service providers for the purposes of making contact and arranging an appointment, where they shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties. Technical data shall be transferred from the vehicle to BMW at regular intervals where it shall be evaluated to aid the further development of BMW products. This is known as the “Teleservice Report”. This data is exclusively technical, vehicle-related data. Other data such as positioning data shall not be transferred as part of the “Teleservice Report”.

The “TeleService Battery Guard” continuously monitors the battery-charge status of the vehicle. If the battery-charge status falls below a fixed value, the responsible service partner will be informed. The responsible service partner will then contact the customer if necessary to arrange a service appointment. By registering in the BMW ConnectedDrive Customer Portal, the customer can also be informed about a critical battery status by text message.

b. For BMW i vehicles only:

By registering in the BMW ConnectedDrive Customer Portal, the customer can also be informed about a critical battery status by text message, push mail or by means of illuminated side or parking lights. Additional vehicle status information includes information about the location of the vehicle and information about the charging status, data about every begin, end, interruption and errors during charging as well as turning on and off the vehicle is sent from the vehicle to BMW and received by the BMW Car IT GmbH. This data is used for verification and quality assessment of charging stations.

The “Efficiency” service uses vehicle status information, that every time the vehicle is turned off is sent from the vehicle to BMW. This data is calculated from driving performance measures, and can be viewed in the BMW Remote App and in the BMW ConnectedDrive Customer Portal.

The driving performance measures are statistically processed within the “Community” function with other BMW i drivers and shown as anonymous within the BMW Remote App and the BMW ConnectedDrive Customer Portal. The service “Community” first requires the consent of the customer within the customer portal or in the BMW Remote App.

The service “Range Map”, “Route to Vehicle” and “Vehicle Position” uses vehicle status information as well as information about the location of the vehicle, that every time the vehicle is turned off is sent from the vehicle to BMW. This data is used to represent the geographical position of the vehicle, which is display in the BMW Remote App and in the ConnectedDrive Customer Portal.

c. Intelligent Emergency Call (SA6AC).

The vehicle’s identification and location is required for the use of the “Intelligent Emergency Call”, and it is also necessary to transmit the information required to provide assistance to the respective emergency-service centre. The user’s request and the data required may be transmitted to service providers commissioned by BMW to provide the service – in that case, these items of data shall only be used to help provide the service and shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties.

3. ConnectedDrive Services (SA6AK). BMW Online.

The “ConnectedDrive Services” (SA6AK) service is activated for 36 months after first registration. The customer can extend the service for an additional charge beyond the initial period via the BMW ConnectedDrive Customer Portal.

The vehicle’s identification is required for the use of the service and it shall also be necessary to process the information required to provide assistance. The data shall then be deleted. When Points of Interest queries are used, the customer request may be transmitted to service providers commissioned by BMW to provide the service – in that case, these items of data shall only be used to help process the provision of the service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

4. Concierge Services (SA6AN).

The “Concierge Services” (SA6AN) service is activated for 36 months after first registration. The customer can extend the service for an additional charge beyond the initial period via the BMW ConnectedDrive Customer Portal.

To use the service, the customer is connected to the BMW call centre at the push of a button using the integrated telephone unit. In this way, data concerning the vehicle’s identification, location and – if route guidance is activated – the selected route may be transmitted to the service providers commissioned by BMW to provide the service – in that case, this data shall only be used to help process the provision of the service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

5. Real Time Traffic Information (SA6AM).

The “Real Time Traffic Information” (“RTTI” - SA6AM) service is activated for 36 months after first registration. The customer can extend the service for an additional charge beyond the initial period via the BMW ConnectedDrive Customer Portal.

The traffic information required for the service is calculated by a variety of means including using what is known as Floating Car Data. In this sense, every ConnectedDrive-capable BMW functions as a “mobile traffic reporter” (Floating Car). The individual position and sensor data of the vehicle calculated during the trip is transferred – completely anonymously – to BMW and a service provider together with up-to-date time information.

6. Internet (SA6AR).

The “Internet” (SA6AR) service runs for a period of 12 months after the vehicle’s first registration. The customer can extend the service for an additional charge beyond the initial period via the BMW ConnectedDrive Customer Portal.

7. Remote Services (SA6AP).

The "Remote Services" (SA6AP) service requires registration in the BMW ConnectedDrive Customer Portal.

The service can help if a customer has accidentally locked themselves out of their vehicle, for example, via the BMW Operator with the remote telephone function. Alternatively, the customer can use a smartphone as a remote control. Using the "My BMW Remote App" (available for iPhone in the Apple App Store and Android in Google Play) customers can find their BMW amongst other vehicles by simply actuating the headlight flasher via the app on their smartphone. For BMW i vehicles, the customer can also adjust the temperature inside the vehicle before getting in.

8. Availability of the service.

The complete range of services is only available for customers whose vehicles are approved in South Africa, and only within South Africa except for "Intelligent Emergency Call" which is available in Namibia, Botswana and Swaziland. However, in these countries the Intelligent Emergency Call will be limited to only the dialling of the local emergency number and no data will be transmitted.

"TeleServices" (SA6AE), "Concierge Services" (SA6AN), "Remote Services" (SA6AP), "BMW Online" (SA6AK), "RTTI" (SA6AM) and the "Internet" (SA6AR) service can be accessed on the Vodacom network in South Africa only and these services will not work or be available in other countries.

In order to reduce driver distraction, certain services will not be available while the car is moving.

9. Deactivation.

The customer can deactivate the BMW ConnectedDrive basic services "TeleServices" (SA6AE) and "Intelligent Emergency Call" (SA6AC) (and "Remote Services" (SA6AP), in the case of BMW i vehicles) at any time at an authorised BMW dealer, a regional BMW branch or an authorised BMW workshop. Deactivation of this service will also deactivate the SIM card installed in the vehicle. This results in the Emergency Call in the vehicle also not functioning. The other services can also be deactivated by the customer (from July 2014 via the BMW ConnectedDrive Customer Portal ("My BMW ConnectedDrive"), although the agreement between the customer and BMW in respect of those services will remain in operation and will not be suspended by the deactivation.

For further information on BMW ConnectedDrive and the General Terms and Conditions of Service for ConnectedDrive, please see:

www.bmw-connecteddrive.co.za. The BMW ConnectedDrive Hotline is available on: +27 (0) 800 627771 from Monday to Friday, 8.00 am – 5.00 pm.

BMW BENEFITS.

BMW Service Concept: always up to date. When you buy a BMW, you can look forward to superb service and comprehensive customer care, with over 300 BMW Service Dealerships in more than 150 countries ready to assist you at any time. Thanks to the vehicle's integrated on-board diagnostics system, you will always know exactly when the next service is due, and what work will be required. **Condition-Based Service** measures the condition of key parts subject to wear, tracks fluid levels and monitors your BMW's time- and mileage dependent service requirements. Then simply get in touch with your BMW Dealership, who will provide expert care for you and your car. Staffed by highly trained personnel, your BMW Dealership is also equipped with the latest computer-aided information and diagnostic tools. Important data such as your chassis number, mileage and current service requirements are also stored on your car key, ensuring a quick assessment of your car's status. Meaning that staff have more time to assist you. And naturally, your BMW Service Dealership will have **Original BMW Parts** available for any work to be done. In short - quality and safety are at the heart of BMW Service.

BMW Motorplan. All new BMWs sold in South Africa include a 5 year/100 000 km Motorplan maintenance contract. This covers all service, maintenance and repairs resulting from normal wear and tear, excluding tyres and fuel. As with any maintenance agreement, there are certain exceptions which are clearly specified in the Motorplan agreement. Repairs resulting from negligence or accident damage are not covered. For all BMW models the contract distance can be extended up to 200 000 km, dependent on individual needs.

BMW On Call. In the event of a breakdown, BMW On Call is available 24 hours a day, 365 days a year at 0800 600 777. Specifically trained BMW technicians will do everything necessary to get your BMW back on the road, with telephone or on-site assistance as required. Car rental and/or towing of your car can be arranged if necessary.

BMW Accident Management. BMW Accident Management provides a managed response to an accidental vehicle immobilisation. The service includes using the BMW Approved Repair Centre network and overall coordination by the BMW Customer Service Centre, who will select and approve the best service suppliers in the industry. Call 0800 600 555 for more information.

Original BMW Accessories and BMW Lifestyle Accessories. The comprehensive range of high quality Original BMW Accessories covers every aspect from the exterior to the interior and from mobile communication to transport and safety accessories. BMW Lifestyle Accessories mean that even when you're not driving your BMW, you can still enjoy the unique fascination of the BMW experience with exclusive products from BMW Lifestyle. Your BMW Dealership will be able to assist you with a catalogue of accessories specially suited to your BMW model and you can explore the range of quality BMW Lifestyle products at the same time.

BMW Financial Services. There's only one more thing you could wish for: the perfect financing solution. One that leaves enough scope for all your other wishes. BMW Financial Services offers tailor-made solutions in the areas of leasing, financing and insurance individually developed to suit you and your budget. Leasing through BMW Financial Services lets you realise your dream of driving an exceptional BMW. And you yourself can decide on deposit, duration and the extent of your monthly instalments. A wide range of financing plans from BMW Financial Services meets your every requirement. Your local BMW Dealership will assist you to put together your own individual plan. And if you opt for insurance from BMW Financial Services, you'll be prepared for all eventualities. The comprehensive spectrum of options reflects the safety and quality you'd expect from BMW. For more information, go to www.bmwfinance.co.za or call us on 0861 269 346. Your BMW Dealership can also provide you with more details on BMW Financial Services.

BMW Magazine: Information and entertainment. The BMW Magazine is a competent source for the latest, comprehensive news from the world of BMW. You receive a complimentary subscription when you purchase a new BMW.

Internet. Apart from the international website, www.bmw.com, BMW maintains websites in many countries around the world. Visit the South African website at www.bmw.co.za to find out more about options available and to locate dealerships in your vicinity.

BMW Owner's Circle. The BMW Owner's Circle website is a personalised customer website that offers BMW drivers the opportunity to interact with BMW within a secure web environment. Each BMW driver is already a member of this online community, and can activate their membership by registering at www.bmw.co.za/ownerscircle. The internet site offers information and functionality specifically relevant to their personal and vehicle profile. A member can:

- Update personal and vehicle information;
- Review Motorplan details and extend their contract;
- View BMW Financial Services statements and apply for credit;
- See the service history on their BMW and submit online service booking requests;
- Contact BMW via a priority email service;
- View their owner's manual online;
- Book a BMW Driver Training course or Plant tour;
- Track a vehicle that has been ordered as it passes through various production and distribution processes.

Register by visiting www.bmw.co.za/ownerscircle.

BMW Driving Experience. BMW Driving Experience is the only driver training programme which offers you the opportunity to expand your driving knowledge and learn to keep your vehicle superbly under control, in a variety of situations, using an exclusive BMW vehicle. You will have an expert companion at your side while you push your driving skills to their very limits in a wide range of driving situations. By passing on their expertise in practical driving situations, our highly skilled instructors will ensure that participants learn as much as possible in the time allotted, as well as having a memorably enjoyable time. Courses covered are:

- Collision Avoidance and Skid Control.
- High Performance Driving.
- Defensive Driving.
- Hijack Prevention.

For more information contact us on 0861 BMWDRIVE (269 374), email us at drivertraining@bmw.co.za or visit our website at www.bmwdrivingexperience.co.za.
