CH Racing and Husqvarna. The History... The 2011 Challenge.

1990 – 2011, 22 years!!

There are 22 years of never-ending history between CH Racing and Husqvarna Motorcycles: that has been an important and hard goal! During these years a lot of victories have been gained: 21 individual World Championships in Enduro, 4 individual championships in Supermoto in only a few years of participation; this year our challenge is stronger than ever.

There are 7 WEC riders, 2 riders in each category and a junior rider: you'll see our captain Seb Guillaume, with his WR300, but also the reigning Champion Antoine Meo, with his new TE310, Matti Seistola, who is aiming for the top steps of the podium, Simone Albergoni, with a new gamble on his new bike. Finally, Alex Salvini, a Husqvarna family member for the third year, will debut in WEC, Giacomo Redondi, the brightest young enduro rider and finally the widely known Juha Salminen, who will ride the small TE250.

The first official race is near. So we just have to wait for the next results. We're ready!
