THE BMW X5 M AND BMW X6 M.

JOY DOES NOT LIKE TO BE CONFINED.

With the BMW X5 M and BMW X6 M, you can experience M fascination for the first time in four-wheel-drive BMW X models. Innovative technologies including a newly developed high-efficiency M TwinPower Turbo engine with 555hp, a fast-shifting M Sport automatic transmission and M-specific chassis and drive control systems such as Adaptive Drive and xDrive with Dynamic Performance Control deliver an unprecedented driving experience.

M VALUES SET STANDARDS BEYOND COMPARE.

It is one of the most coveted car badges of all: the M logo. Every vehicle that carries it represents a pure expression of our values: seemingly never-ending acceleration across the entire rev range, thrilling agility and outstanding tracking stability through every bend. The BMW X5 M and the BMW X6 M champion the classic M characteristic driving dynamics, introducing M tuning into a new model range. M now sets the benchmark in this class too.

THE M TWIN POWER TURBO ENGINE.

A world premiere sits under the bonnet of the BMW X5 M and BMW X6 M. For the first time, the M-typical linear power curve meets the formidable thrust of twin turbocharging – in BMW's most powerful production engine, the M TwinPower Turbo. This high-performance V8 engine delivers maximum torque of 680Nm and an output of 555hp to power both vehicles from 0-62mph in only 4.7 seconds.
