THE NEW BMW 2 SERIES ACTIVE TOURER.

The new BMW 2 Series Active Tourer makes everyday life more exciting and long trips more relaxed. It combines intelligent flexibility with comfort and dynamics and, no matter what you get up to, it's incredibly fun. With distinctive contours and dynamic lines, it expertly combines everyday practicality and driving pleasure.

BMW EFFICIENT DYNAMICS.

EfficientDynamics is BMW's award-winning programme of technologies designed to reduce CO₂ emissions and improve fuel economy, without compromising on performance or driving dynamics. These technologies are standard on every new BMW and could lower your fuel and tax costs, as well as ensure a lower benefit in kind tax rating for company car drivers. You can find out more about the benefits of BMW EfficientDynamics, as well as compare your own vehicle against any BMW 2 Series model at www.bmw.co.uk/EfficientDynamics

STANDARD EQUIPMENT HIGHLIGHTS.

A GUIDE TO TRIM LEVELS.

The new BMW 2 Series Active Tourer is available in a variety of trim levels, each providing a different level of standard specification. The tables below highlight some of the equipment differences between them, whilst further details can be found in the new BMW 2 Series Active Tourer model Brochure.

SE

- 16" light alloy wheels, V-spoke style 471
- 40:20:40 electrically folding rear seats
- 60:40 sliding rear bench
- Active Guard, featuring forward vehicle collision warning
- Automatic air-conditioning, with two-zone control
- Automatic tailgate
- Bluetooth hands-free facility with USB audio interface and Bluetooth audio streaming
- BMW Emergency Call with TeleServices
- BMW Mobility System
- BMW Professional radio with single CD player (with MP3 playback capability)
- DAB tuner
- Drive Performance Control with ECO PRO, Comfort and Sport modes
- Exhaust tailpipe finisher, Chrome
- Floor mats in velour
- Foglights, front
- Front door sill finishers with BMW designation
- Grid cloth upholstery
- Heated exterior mirrors and heated windscreen washer jets
- Interior trim, Oxide Silver
- Kidney grille, Chrome with Black vertical bars
- LED daytime driving lights
- Park Distance Control (PDC), rear
- Performance Control
- Power sockets (12V) in centre console and passenger footwell
- Rain sensor, with automatic headlight activation
- Six-speed manual transmission
- Sport multi-function leather steering wheel, with Speed limiting function

RRP from £21,345 inc. VAT

The model shown above also features optional equipment, in addition to standard SE equipment. Please note that some equipment may be replaced when selecting an alternative trim level. Standard equipment may also vary depending on engine variant. Not all trim levels are available on all engine variants. Please refer to the new BMW 2 Series Active Tourer model Brochure for further details.

**Sport** (In addition / replacement to SE models)

- 17" light alloy Star-spoke style 379
- Contrast stitching on instrument panel
- Exhaust tailpipe finisher, Dark Chrome
- Front air inlet with High-gloss Black finisher
- Front door sill finishers with Sport designation
- Glovebox handle with Chrome finisher
- Interior trim, High-gloss Black with Pearl Chrome finisher
- Kidney grille with 10 extra-wide High-gloss Black fronted vertical slats
- LED ambient lighting in door trim
- Rear bumper with High-gloss Black finisher
- Remote control with integrated key, with Silver highlight
- Sport seats, driver and front passenger
- Race cloth upholstery

RRP from £22,595 inc. VAT
+ £1,250 over SE

STANDARD EQUIPMENT HIGHLIGHTS.

Luxury (In addition / replacement to SE models)

- 17" light alloy Multi-spoke style 475
- Contrast stitching on instrument panel
- Dakota leather upholstery with perforation and Grey contrast stitching
- Exhaust tailpipe finisher, Chrome
- Exterior trim, Chromeline
- Front air inlet with Chrome finisher
- Front door sill finishers with Luxury designation
- Glovebox handle with Chrome finisher

- Interior trim, Fineline Stream wood with Pearl Chrome finisher
- Kidney grille with 12 Chrome fronted vertical slats
- LED ambient lighting in door trim
- Rear bumper with Chrome finisher
- Remote control with integrated key, with Silver highlight

RRP from £23,345 inc. VAT
+ £2,000 over SE

- M logo designation, side
- M Sport multi-function leather steering wheel with Speed limiting function
- M Sport suspension (excluding xDrive models)
- Remote control with integrated key, with Silver highlight
- Sport seats, driver and front passenger

RRP from £24,345 inc. VAT
+ £3,000 over SE

225i xDrive M Sport* (In addition / replacement to M Sport models)

- Automatic transmission, eight-speed
- Brake discs, front and rear – ventilated
- Exhaust tailpipe, Chrome – twin, round
- Expanded radiator volume and larger fan
- xDrive all-wheel-drive

RRP from £30,900 inc. VAT

*Expected availability November 2014.

OPTIONAL EQUIPMENT HIGHLIGHTS.

TECHNOLOGY PACKAGE.

A tailored combination of advanced technologies that provide superior comfort, convenience and practicality.

- Reversing camera provides additional support in tight manoeuvres by displaying a clear view of what is happening at the rear
- Comfort Access with smart-opener allows you to lock and unlock your BMW without having to use the key or even open the tailgate with a kick of your foot
- Adaptive LED Headlights help to ensure the best possible illumination of the road ahead without glaring on-coming traffic

See page 13

NAVIGATION PLUS PACKAGE.

Provides the maximum level of multimedia functionality by combining the advanced BMW Navigation Plus system with the full range of ConnectedDrive Services and Head-up Display.

- A highly sophisticated built-in navigation system with 8.8" display ensures accurate and intuitive route guidance
- ConnectedDrive Services such as Real Time Traffic Information and BMW Apps provide enhanced levels of connectivity and in-car services
- Head-up Display allows you to keep your eyes on the road since all important driving information is projected into your line of vision

See page 13

PANORAMIC GLASS SUNROOF.

Not only offers increased ventilation but also extends the view of the outside world for that added sense of freedom for all passengers.

- Comfort opening/closing function and trap release
- Includes speed dependant wind deflector, and sun protection glass
- Electric slide and lift control

See page 19

LOUDSPEAKER SYSTEM – HARMAN/KARDON.

The sound engineers at harman/kardon work with us from an early stage of our model development. This results in a harman/kardon system that is customised for each BMW model. The system for the BMW 2 Series Active Tourer includes a tailored combination of mid-range speakers, woofers, tweeters and amplifiers that deliver perfect three-dimensional sound. For further details on the technical specification of the harman/kardon loudspeaker system please visit www.bmw.harmankardon.com

VED rates

VED rates for brand new cars are determined by their CO₂ emissions figure.

First year VED applies to the first year of ownership. Annual VED rates apply thereafter.

The new BMW 2 Series Active Tourer models fall into one of the three categories listed below:

CO ₂ emissions (g/km)	Band B 101-110	Band C 111-120	Band D 121-130
First year VED	£0	£0	£0
Annual VED (second year onwards)	£20	£30	£110

* = Provisional data. Expected availability November 2014.

On the road price

The recommended on the road price includes:

Delivery and BMW Emergency Service	£700
Number plates	£25
Vehicle first registration fee	£55
First year Vehicle Excise Duty	See left

BMW CONNECTED DRIVE SERVICES.

1. General information

BMW (UK) Limited of Ellesfield Avenue, Bracknell, Berkshire, RG128TA (hereafter referred to as "BMW") provides the customer with vehicle-specific information and support services under the name "BMW ConnectedDrive" (hereinafter referred to as "Services"). Except where the following description of the individual Services explicitly states otherwise, BMW does not collect, store or process customer data for the Services listed here. For the provision of Services for which the collection, storage and processing of personal data is necessary, the customer shall be informed in advance in order to obtain his/her consent. Services are provided by means of a SIM card installed in the vehicle. Call and data-connection costs are included in the price of the Services. Insofar as it is necessary for the substantive organisation and utilisation of the Services BMW collects, stores and processes vehicle-related data within the legal stipulations.

2. BMW ConnectedDrive basic Services

The BMW ConnectedDrive basic Services "TeleServices" (6AE) and "BMW Emergency Call" (6AC) have already been activated at the point of vehicle transfer.

a. TeleServices (6AE)

The "TeleServices" Service ensures the mobility of the customer. If required or when triggered or commissioned by the customer, the vehicle's technical data (e.g. service information concerning wear parts, vehicle-status information such as check-control notifications, battery-charge status, data for identifying and locating the vehicle in the event of a breakdown) shall be transferred to BMW. In the event that a service is required, these items of data shall be forwarded to the responsible service partner, BMW Mobile Care or respective service providers for the purposes of making contact and arranging an appointment, where they shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties. On occasion technical data shall be transferred from the vehicle to BMW where it shall be evaluated to aid the further development of BMW products. This is known as the "Teleservice Report". This data is exclusively technical, vehicle-related data. Other data such as positioning data shall not be transferred as part of the "Teleservice Report". The "TeleService Battery Guard" continuously monitors the battery-charge status of the vehicle. If the battery-charge status falls below a fixed value, the responsible service partner will be informed. The responsible service partner will then contact the customer if necessary to arrange a service appointment. By registering in the BMW ConnectedDrive Customer Portal, the customer can also be informed about a critical battery status by SMS message or email, for example if the parking lights, side lights or hazards are left on.

b. BMW Emergency Call (6AC)

The vehicle's identification and location is required for the use of the "BMW Emergency Call", and it is also necessary to transmit the information required to provide assistance to the respective emergency-service centre. The user's request and the data required may be transmitted to service providers commissioned by BMW to provide the Service – in that case, these items of data shall only be used to help provide the Service and shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties.

3. BMW Online Services (6AK)

The "BMW Online" (6AK) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

The vehicle's identification is required for the use of the Service and it shall also be necessary to process the information required to provide assistance. The data shall then be deleted. When Points of Interest queries are used, the customer request may be transmitted to service providers commissioned by BMW to provide the Service – in that case, these items of data shall only be used to help provide the Service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

4. Information Plus (6AN)

The "Information Plus" (6AN) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

To use the Service, the customer is connected to the BMW call centre at the push of a button using the integrated telephone unit. In this way, data concerning the vehicle's identification, location and – if route guidance is activated – the selected route may be transmitted to the service providers commissioned by BMW to provide the Service – in that case, this data shall only be used to help process the provision of the Service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

5. Real Time Traffic Information (6AM)

The "Real Time Traffic Information" (6AM) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

The traffic information required for the Service is calculated by a variety of means including using what is known as Floating Car Data. In this sense, every ConnectedDrive-capable BMW functions as a "mobile traffic reporter" (Floating Car). The individual position and sensor data of the vehicle calculated during the trip is transferred – completely anonymously – to BMW and a service provider together with up-to-date time information.

6. Internet (6AR)

The "Internet" (6AR) Service runs for a period of one year after the vehicle's first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

7. Remote Services (6AP)

Use of the "Remote Services" (6AP) either upon request to BMW Customer Support or via the "My BMW Remote" smart-phone application requires registration in the BMW ConnectedDrive Customer Portal.

8. Availability of the Service

The complete range of Services is only available for customers whose vehicles are approved in United Kingdom, and only within United Kingdom.

"BMW Emergency Call" (6AC) is available to customers in United Kingdom, Germany, Austria, Italy, France, and the Netherlands. "TeleServices" (6AE), "Information Plus" (6AN), "Remote Services" (6AP) and "BMW Online" (6AK) can be accessed on any mobile communication network in Europe. When used abroad, the range and characteristics of the service may vary from the range and characteristics described above and may vary from country to country. "Real Time Traffic Information" (6AM) is available in United Kingdom, Germany, Italy and France. The "Internet" (6AR) service is only available in United Kingdom.

9. Deactivation

The customer may have the BMW ConnectedDrive basic Services "TeleServices" (6AE) and "BMW Emergency Call" (6AC) deactivated at any time at an authorised BMW Dealer, a regional BMW branch or an authorised BMW workshop. Deactivation of this Service will also deactivate the SIM card installed in the vehicle. This results in the Emergency Call in the vehicle also not functioning. The other Services can also be deactivated by the customer (from November 2013) via the BMW ConnectedDrive Customer Portal ("My BMW ConnectedDrive").

For further information on BMW ConnectedDrive and the General Terms and Conditions of Service for ConnectedDrive, please see:

www.bmw.co.uk/connecteddrive-information

The BMW ConnectedDrive Hotline is available on:

+44 (0) 800 561 0555 from Monday to Sunday, 9:00 – 18:00.
