THE NEW BMW 1 SERIES SPORTS HATCH.

MADE FOR THE ROAD.

The new BMW 1 Series Sports Hatch brings a much sportier exterior style along with improved interior and more efficient new engines. At the front, the new four-eye headlight design, larger kidney grille and sculpted bumpers provide a sophisticated and muscular look to all models. The interior also benefits from a re-designed centre console in High-gloss Black with Chrome elements and standard single-zone automatic air-conditioning across the range. Discover the new sportier BMW 1 Series Sports Hatch.

BMW EFFICIENT DYNAMICS.

EfficientDynamics is BMW's award-winning programme of technologies designed to reduce CO₂ emissions and improve fuel economy, without compromising on performance or driving dynamics. These technologies are standard on every new BMW and could lower your fuel and tax costs, as well as ensure a lower benefit-in-kind tax rating for company car drivers. You can find out more about the benefits of BMW EfficientDynamics, as well as compare your own vehicle against any BMW 1 Series model at www.bmw.co.uk/EfficientDynamics

STANDARD EQUIPMENT HIGHLIGHTS.

A GUIDE TO TRIM LEVELS.

The new BMW 1 Series Sports Hatch is available in a variety of trim levels, each providing a different level of standard specification. These tables highlight some of the equipment differences between the trim levels, whilst further details can be found in the new BMW 1 Series Sports Hatch brochure.

SE

- 16" light alloy Star-spoke style 654
- 6.5" colour screen with iDrive controller
- Air conditioning, automatic, single-zone
- Bluetooth connectivity with audio streaming (with USB connection)
- BMW Emergency Call
- BMW Teleservices
- BMW Professional radio with single CD player
- Comfort Go (keyless start)
- DAB tuner
- Door sill finishers, Black with BMW designation, front
- Drive Performance Control with ECO PRO, Comfort and Sport modes
- Exhaust tailpipe, Chrome, matt – single, round
- Extended storage functionality
- Foglights, front
- Kidney grille, Chrome with Black vertical slats
- Move cloth upholstery
- Multi-function leather steering wheel, three-spoke
- Rain sensor and automatic headlight activation
- Tyre Pressure Monitoring

3-door RRP from £19,465 inc. VAT

5-door RRP from £19,995 inc. VAT

116 ED Plus (In addition to SE)

- BMW Navigation
- Cruise control with braking function
- Park Distance Control (PDC), rear
- Servotronic

3-door RRP from £21,250 inc. VAT

5-door RRP from £21,780 inc. VAT

Sport (In addition / replacement to SE)

- 17" light alloy Star-spoke style 655 with run-flat tyres
- Ambient lighting – switchable BMW Classic Orange/Cold White LED
- Corner cloth upholstery
- Door sill finishers with Sport designation, front
- Drive Performance Control with ECO PRO, Comfort, Sport and Sport+ modes
- Exhaust tailpipe, Dark Chrome
- Front air inlet with High-gloss Black finisher
- Interior trim, High-gloss Black with Coral Red trim finisher
- Kidney grille with extra-wide High-gloss Black vertical slats
- Rear bumper with High-gloss Black finisher
- Remote control with integrated key, with Red inset
- Sport instrument cluster with Red highlight
- Sport multi-function leather steering wheel with Red stitching and speed limiting function
- Sport seats, front

3-door RRP from £20,465 inc. VAT
+ £1,000 over SE

5-door RRP from £20,995 inc. VAT
+ £1,000 over SE

STANDARD EQUIPMENT HIGHLIGHTS.

M Sport (In addition / replacement to SE models)

- 18" light alloy M Double-spoke style 461 M with run-flat tyres
- Ambient lighting – switchable BMW Classic Orange / Cold White LED
- Door sill finishers with M designation
- Exhaust tailpipe, High-gloss Chrome
- Exterior trim, High-gloss Shadowline
- Gearshift lever with M designation, short-shift (manual transmission only)
- Headlining, Anthracite
- Hexagon cloth/Alcantara upholstery
- Interior trim, Aluminium Hexagon with Estoril Blue trim finisher
- Kidney grille with extra-wide High-gloss Black vertical slats
- LED headlights, with automatic beam control
- M aerodynamic bodystyling
- M designation, side
- M Sport multi-function leather steering wheel with speed limiting function
- M Sport suspension (excluding 120d xDrive M Sport)
- Remote control with integrated key, with inset in Blue
- Sport instrument cluster with Red highlight
- Sport seats, front

3-door RRP from £22,165 inc. VAT

+ £2,700 over SE

5-door RRP from £22,695 inc. VAT

+ £2,700 over SE

M Sport Plus package (Exclusive to M Sport models)

Includes:

- Loudspeaker system – harman/kardon
- M Sport braking system
- Sun Protection glass

Also available at no cost with this package:

- 18" light alloy M Double-spoke style 461 M in Ferric Grey

£1,295 inc. VAT

M135i (In addition/replacement to M Sport)

- 18" light alloy M Double-spoke style 436 M with High-grip tyres
- Airblades, Ferric Grey
- Air conditioning, automatic, two-zone
- BMW Mobility System
- Dakota leather upholstery
- Door sill finishers with M135i designation
- Exhaust tailpipes, Dark Chrome – dual, round, split
- Extended lighting
- Kidney grille, Chrome with extra-wide High-gloss Black vertical slats
- M aerodynamic bodystyling, model-specific
- M designation, side
- M Performance TwinPower Turbo in-line 6-cylinder petrol engine
- M Sport braking system
- M Sport suspension, with individual, distinctive settings
- Mirror caps, Ferric Grey
- Rear-view mirror, automatically dimming
- Variable Sport steering, with model-specific characteristic curve

3-door RRP from £29,930 inc. VAT

5-door RRP from £30,460 inc. VAT

OPTIONAL EQUIPMENT HIGHLIGHTS.

LOUDSPEAKER SYSTEM – HARMAN/KARDON.

The sound engineers at harman/kardon work with us from an early stage of our model development. The system for the BMW 1 Series Sports Hatch includes a tailored combination of mid-range speakers, woofers, tweeters and amplifiers that deliver perfect three-dimensional sound. For further details on the technical specification of the harman/kardon loudspeaker system please visit www.bmw.harmankardon.com

See page 23

MEDIA PACKAGE – BMW PROFESSIONAL MULTIMEDIA.

The latest generation Professional Navigation system is combined with the full range of ConnectedDrive Services, including Real Time Traffic Information (RTTI) and BMW Apps.

- The most advanced Navigation system that BMW has ever offered
- Enjoy the full range of BMW ConnectedDrive Services
- Benefit from a larger display and intuitive iDrive Touch Controller
- Apps Interface supporting integration of apps such as Spotify from a compatible iPhone

See page 15

ADAPTIVE LED HEADLIGHTS.

Full white LED lights ensure the closest resemblance to day light and provide a unique and distinctive character. The intelligent system can also adapt the beam distribution depending on the traffic situation.

- Enhanced safety due to improved road visibility
- Fully autonomous system so you can relax and focus on the road ahead
- The system works at various speeds and light conditions
- High-beam Assistant

See page 19

DRIVER COMFORT PACKAGE.

Enables a more relaxed driving experience in all traffic conditions and manoeuvres.

- Steering responsiveness adjusts to suit the driving situation
- Visual and acoustic alerts aid confident parking
- A predetermined speed is automatically maintained for comfortable driving

See page 15

Insurance group figures refer to 50 Group Rating System.

VED rates

VED rates for brand new cars are determined by their CO₂ emissions figure.
First year VED applies to the first year of ownership. Annual VED rates apply thereafter.
BMW 1 Series 3-door Sports Hatch models fall into one of the eight categories listed below:

CO ₂ emissions (g/km)	Band A up to 100	Band B 101-110	Band C 111-120	Band D 121-130	Band E 131-140	Band G 151-165	Band H 166-175	Band J 186-200
First year VED	£0	£0	£0	£0	£130	£180	£295	£490
Annual VED (second year onwards)	£0	£20	£30	£110	£130	£180	£205	£265

Key
- = Not available * = Only 5-door models

BMW CONNECTED DRIVE SERVICES.

1. General information

BMW (UK) Limited of Summit ONE, Summit Avenue, Farnborough, Hampshire, GU14 0FB (hereafter referred to as “BMW”) provides the customer with vehicle-specific information and support services under the name “BMW ConnectedDrive” (hereinafter referred to as “Services”). Except where the following description of the individual Services explicitly states otherwise, BMW does not collect, store or process customer data for the Services listed here. For the provision of Services for which the collection, storage and processing of personal data is necessary, the customer shall be informed in advance in order to obtain his/her consent. Services are provided by means of a SIM card installed in the vehicle. Call and data-connection costs are included in the price of the Services. Insofar as it is necessary for the substantive organisation and utilisation of the Services BMW collects, stores and processes vehicle-related data within the legal stipulations.

2. BMW ConnectedDrive basic Services

The BMW ConnectedDrive basic Services “TeleServices” (6AE) and “BMW Emergency Call” (6AC) have already been activated at the point of vehicle transfer.

a. TeleServices (6AE)

The “TeleServices” Service ensures the mobility of the customer. If required or when triggered or commissioned by the customer, the vehicle's technical data (e.g. service information concerning wear parts, vehicle-status information such as check-control notifications, battery-charge status, data for identifying and locating the vehicle in the event of a breakdown) shall be transferred to BMW. In the event that a service is required, these items of data shall be forwarded to the responsible service partner, BMW Mobile Care or respective service providers for the purposes of making contact and arranging an appointment, where they shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties. On occasion technical data shall be transferred from the vehicle to BMW where it shall be evaluated to aid the further development of BMW products. This is known as the “Teleservice Report”. This data is exclusively technical, vehicle-related data. Other data such as positioning data shall not be transferred as part of the “Teleservice Report”. The “TeleService Battery Guard” continuously monitors the battery-charge status of the vehicle. If the battery-charge status falls below a fixed value, the responsible service partner will be informed. The responsible service partner will then contact the customer if necessary to arrange a service appointment. By registering in the BMW ConnectedDrive Customer Portal, the customer can also be informed about a critical battery status by SMS message or email, for example if the parking lights, side lights or hazards are left on.

b. BMW Emergency Call (6AC)

The vehicle's identification and location is required for the use of the “BMW Emergency Call”, and it is also necessary to transmit the information required to provide assistance to the respective emergency-service centre. The user's request and the data required may be transmitted to service providers commissioned by BMW to provide the Service – in that case, these items of data shall only be used to help provide the Service and shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties.

3. BMW Online Services (6AK)

The “BMW Online” (6AK) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

The vehicle's identification is required for the use of the Service and it shall also be necessary to process the information required to provide assistance. The data shall then be deleted. When Points of Interest queries are used, the customer request may be transmitted to service providers commissioned by BMW to provide the Service – in that case, these items of data shall only be used to help provide the Service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

4. Information Plus (6AN)

The “Information Plus” (6AN) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

To use the Service, the customer is connected to the BMW call centre at the push of a button using the integrated telephone unit. In this way, data concerning the vehicle's identification, location and – if route guidance is activated – the selected route may be transmitted to the service providers commissioned by BMW to provide the Service – in that case, this data shall only be used to help process the provision of the Service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

5. Real Time Traffic Information (6AM)

The “Real Time Traffic Information” (6AM) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

The traffic information required for the Service is calculated by a variety of means including using what is known as Floating Car Data. In this sense, every ConnectedDrive-capable BMW functions as a “mobile traffic reporter” (Floating Car). The individual position and sensor data of the vehicle calculated during the trip is transferred – completely anonymously – to BMW and a service provider together with up-to-date time information.

6. Internet (6AR)

The “Internet” (6AR) Service runs for a period of one year after the vehicle's first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

7. Remote Services (6AP)

Use of the “Remote Services” (6AP) either upon request to BMW Customer Support or via the “My BMW Remote” smart-phone application requires registration in the BMW ConnectedDrive Customer Portal.

8. Availability of the Service

The complete range of Services is only available for customers whose vehicles are approved in United Kingdom, and only within United Kingdom.

“BMW Emergency Call” (6AC) is available to customers in United Kingdom, Germany, Austria, Italy, France, and the Netherlands. “TeleServices” (6AE), “Information Plus” (6AN), “Remote Services” (6AP) and “BMW Online” (6AK) can be accessed on any mobile communication network in Europe. When used abroad, the range and characteristics of the service may vary from the range and characteristics described above and may vary from country to country. “Real Time Traffic Information” (6AM) is available in United Kingdom, Germany, Italy and France. The “Internet” (6AR) service is only available in United Kingdom.

9. Deactivation

The customer may have the BMW ConnectedDrive basic Services “TeleServices” (6AE) and “BMW Emergency Call” (6AC) deactivated at any time at an authorised BMW Retailer, a regional BMW branch or an authorised BMW workshop. Deactivation of this Service will also deactivate the SIM card installed in the vehicle. This results in the Emergency Call in the vehicle also not functioning. The other Services can also be deactivated by the customer (from November 2013) via the BMW ConnectedDrive Customer Portal (“My BMW ConnectedDrive”).
