

X2 xDrive20d SE BMW EfficientDyna

ero curtain Auto Start-Stop . Brake Energy Regeneration ECO PRO mode Electric Power Steering (EPS) with Servotronic Lightweight engineering Reduced rolling resistance tyres Optimum Shift Indicator

Engine

BMW TwinPower Turbo four-cylinder diesel engine Common-rail technology Variable vane geometry

Single turbo charger lancer shaft

Diesel Particulate Filter Exhaust tailpipe 90mm, Chrome - twin, round, left and right split Incorrect fuelling protection system

Transmission

Eight-speed Sport automatic transmission with electronic selector-leve Drive intelligent four-wheel drive system

Electro-hydraulically controlled multi-plate clutch in rear-axle transmission Energy-efficient operating strategy - Rear drive is switched off as default and reactivated when required Front axle always driven

Hill Descent Control (HDC) when manually activated enables a controlled hill descent on steen slopes

Transmission of power to rear axle via front axle differential and two-part cardan shaft Variable and stepless distribution of drive torque between front and rear axle

Safety and technology

Reversing light in rear light cluster

Belt force limiters - front Coded belt buckles - rear vin horns yre pressure monitoring Visible VIN

Side impact protection

Seat belt security check for driver and front passenger

Side impact protection Start/Stop button with Comfort Go keyless engine start and Auto Start-Stop deactivation button Three-point seat belts, at all seats Pyrotechnic belt tensioners - front

e Guard, comprising: orward vehicle collision warning with audible and visual warning given to the driver Over 30mph an urgent warning also activates brake preconditioning to prepare brakes ahead of driver use City collision mitigation proactively engages braking for rapid reaction to potential vehicle collisions City collision mitigation proactively engages braking for rapid reaction to potential vehicle collisions City collision mitigation works at speeds up to 30mph arm system (Thatcham Category 1) with remote control and engine immobiliser (EWS IV) Airbags Front driver and passenger Head, front and rear - curtain head protection system Side, front (seat-integrated) ¹ manual deactivation of front passenger airbag possibl Maria described in one passinger and possible attery safety cut-off MWC ConnectedDrive features including: Access to BMW Connected+ for 12 months from vehicle production (subscription required) BMW Emergency Call BMW Emergency Call BMW Navigation system (latest ID6 generation) comprising: Latest generation of Navigation system with 6.5" monitor and 800x480 pixel resolution Operation by iDrive with direct-selection buttons and 8 programmable favourites buttons. Arrow pointers, north-up, direction of travel and perspective map displays Navigation data on integrated harddrive with map-data updates available via USB interface Speed Limit Information (shown in the instrument cluster) TMC for lifetime of vehicle BMW Doline Services BMW Online Services BMW Real Time Traffic Information (RTTI) BMW Remote Services BMW TeleServices Brake discs, front with internal ventilation Brake Discs, filon with internal vermation Brake plass, rear Brake pad wear indicator, front and rear Bumper system - front and rear Replaceable deformation elements for impacts up to 9mph Central locking switch for all doors, fuel filler dap and luggage compartment Check Control system for monitoring of lights and door/luggage compartment open warning Childproof locking system, rear doors Conditioned Based Servicing Crash sensor Activating central locking release, hazard warning lights, battery safety cut-off, and interior lighting Cruise control with braking function Direction indicator lights, clear lenses Direction indicator sing its, local indicate in exterior mirrors using LED technology Direction indicator side lights, integrated in exterior mirrors using LED technology Drive Performance Control with ECO PRO, Comfort and Sport modes Dynamic brake lights Dynamic Stability Control+ (DSC+) ASC enhances traction in extreme ground conditions Anti-cock Braing System (ABS) including Brake Assist and individual wheel pressure regulation Brake drying Braking readiness Dynamic Traction Control (DTC) Hill Decent Control (HDC) enables a controlled hill descent on steep slopes min Decent Control (nDC) enables a controlled nin descent on steep slopes Hillstart Assist EDLC (Electronic Differential Lock Control) assumes the function of a differential lock via braking intervention on the front alle when DSC deactivated Electrically operated parking brake with automatic drive release og lights, front Tirst Aid Kit and Warning Triangle Halogen headlights LED daytime driving lights with two directly-emitting light sources in each headlight Manual headlight beam-throw control Manual neadight beam-price control Heated exterior mirors Heated windscreen washer jets High-level third brake light Lights-on warning, by audio warning signal when ignition is switched off Multi collision braking system - maintains brake pressure until vehicle reaches a standstill to reduce risk of subsequent collisions (driver can over-ride this feature) Park distance control (PDC), rear Performance control Personal Profile Automatic lock when driving away selectable Rein sensor, with automatic headlight activation Rear fog light Rean to qui ignit Remote control, including integrated key - two keys One button for opening and one for closing all lockable contents (doors, fuel filler flap and tailgate) Separate button for opening of the luggage compartment with automatic tailgate Rear tail lights with LED technology (for selected features) and 3D loon design

Wheels and chassis

Mobility tyre sealing system (not on vehicles with run-flat tyres

12V compressor with integrated sealant injection bottle and h

pension

Twin-tube gas-filled shock absorbers with degressive characteristic curve Front axle single-joint with specific kinematics to minimise drive influences on steering and provide incre rigidity for agile driving behaviour

Front and rear anti-roll bars

Rigidly mounted rear subframe: Multi-link construction with separate spring / damper configuration for precise wheel guidance and excellent driving characteristics Wheel bolts, locking

0-20:40 manually split folding rear seat with two tilt positions for backrest Child seat ISOFIX attachment, for the two outer rear seats and front passenger seat with anchorage points

ve seats

rid cloth upholstery

lanual height adjustment for driver and front passenger seat Rear seat headrests, three

rd seat for driver and passenger with manual adjustm

Exterior equipment BMW badge on bonnet, tailgate (with integrated tailgate release) and C Pillars both sides ngine designation on tailgate (right) xterior bodystyling including: Front bumper (multi-part design) in Body colour and Matt Black Front centre ar intake with Bdyl colour insert Front side air intake with Bdyl colour insert Front side air intakes with High-gloss Black and Matt Black finish Door cladding, side sill covers and wheel arch trims in Matt Black Rear bumper (multi-part design) in Body colour and Matt Black Roof trims in Matt Black Mindow frame, recess covers and B-Pillar trim in Matt Black xterior mirrors, electrically adjustable and heated mirror glass aspheric on driver's side and convex on passenger side. Indicators integrated into mirror housing xterior parts in Body colour Door handles Mirror caps Kidney grille, Chrome with 16 High-gloss Black vertical bars Model designation on tailgate (left Ion-metallic paintwork Rear window wiper with wash/wipe function Shark fin (roof mounted and in Body

Audio and communication

luetooth hands-free facility with USB audio interface With Bluetooth audio streaming (for compatible devices) With two-way, six-speaker, 4x25W loudspeaker system (100W amplifier power) With two-way, six-speaker, 4x25W loudspeaker system (100W amplifier power) Four midrange speakers in door trims (front and rear) and two central bass speakers (woofers) under front seats

Includes Attentiveness assistant which analyses driving behaviour via the steering, time of day and travel time and suggests when to take a break in the Control Display. (Eunctions from speeds above 44mph (70km/h) Integrated owners handbook

AB digital radio

- Rear window aerial
- On-Board Computer (OBC) comprising: Average speed Average and current fuel consumption, and range
- Service interval

⊖ ● - Standa	= optionally available = standard equipment = not available rd Equipment Details	xDrive20d SE	xDrive20d Sport	xDrive20d M Sport	xDrive20d M Sport X	Retail price including VAT @ 20%
216	Servotronic Varies the level of assistance according to the vehicle speed. At low speeds, steering will be light due to a high level of power assistance. As speeds increase, there will be a lower level of assistance to help the driver maintain precise direction.	•	•	•	•	Standard
249	Multi-function controls for steering wheel Multi-function controls for audio and telephone settings. Includes speed limiting function.	•	•	•	•	Standard
2ТВ	Sport automatic transmission Eight-speed automatic transmission with Steptronic sequential manual mode, shift by wire gear selector switch (electronic selector- lever), sporty fast gear shifting and expert function for racetrack operation. Includes quick shift, steering-wheel mounted gearshift paddles, Drive Performance Control with ECO PRO, Comfort, Sport and Sport+ modes. Integration of launch control functionality.	•	•	•	•	Standard
2VG	Performance control BMW Performance Control intervenes via the engine management and targeted braking in corners by diverting more power to the outer wheels and less power to the inner wheels. This improves driving safety and agility.	•	•	•	•	Standard
316	Automatic tailgate Electrically-opening tailgate with button on driver's side door panel to open, button in tailgate for closing and open via keyfob. Tailgate lock, electric with closure monitor. Opening height can be set within iDrive. In combination with option code 322 Comfort Access this also benefits from Smart-opener contactless opening and closing via sensor under rear bumper.	•	•	•	•	Standard
481	Sport seats, front Sport seats for driver and front passenger. Includes manual adjustment for seat height, backrest, fore and aft position, tilt and thigh support and head restraint height. Electric adjustment for backrest side bolsters.	-	•	•	•	Standard
493	Extended storage Comprises: - 12v power socket in centre console, rear, with blanking plug - Storage nets on back of driver and front passenger seats - Rear centre armrest containing 2 cupholders. - Folding storage compartment, below headlight switch, driver's side. - Luggage compartment: 1 x 12v power socket with folding cover, right. Height-adjustable storage net, right. Tension strap on left.	•	•	•	•	Standard
507	Park Distance Control (PDC), rear Audio warning signal of proximity of objects to the rear of the car using 4 sensors on rear bumper. Includes a visual distance display of car on Control Display. Automatically activated by selecting reverse gear. When used in conjunction with 235, Detachable Towbar, system is deactivated automatically when towbar is installed. Not with 508 Park Distance Control, front and rear.	•	•	•	•	Standard
520	Foglights, front	•	-	-	-	Standard
521	Integrated into front bumper. Includes heated exterior mirrors and heated windscreen washer jets. Rain sensor with automatic headlight activation Automatic activation of intermittent windscreen wiper control and adjusts wipe frequency. Low-beam headlights activated automatically by light sensor.	•	•	•	•	Standard
534	Air conditioning, automatic with two-zone control Fully automatic air conditioning. Includes temperature controls for driver and passenger, air recirculation, temperature and fan controls with Max Cool button and windscreen de-mist. Includes active carbon microfilter, humidity sensor and solar sensor. Also includes rear air vents with fresh air outlet.	•	•	•	•	Standard
544	Cruise control with braking function Cruise control at speeds of approximately 19mph and higher. Additional brake application on descents. Operation by multi-function steering wheel, includes speed limiting function (LIM button). Activation of cruise control by speed selection on scroll wheel. Desired speed and operating mode displayed in the instrument cluster. Driver can override the function at any time.	•	•	•	•	Standard
5A1	LED front foglights Integrated into front bumper with highlight clasp in chrome. Includes heated exterior mirrors and heated windscreen washer jets.	-	•	•	•	Standard
5A4	LED headlights with cornering lights offer a bright and efficient bi-LED light for low-beam and high-beam headlight functions. The LED cornering light allows adaptive light distribution with enhanced lateral illumination in city traffic (where it is dimmed), as a cornering light up to approximately 25 mph (40 km/h) and as static turning light up to approximately 44mph (70 km/h). LED technology: Headlights: Low-beam and high-beam headlights (Bi-LED), side lights, daytime driving lights (3D icon design), turn indicators and cornering/turning lights. Note:	-	•	•	•	Standard
	 - all other lighting functions remain based on incandescent bulbs - automatic, dynamic beam-throw control Urban lighting: The lighting area of the low-beam headlights is expanded at the sides. The city lights are switched on if a speed of 31 mph (50 km/h) is not exceeded when accelerating or the speed falls below 25 mph (40 km/h) when braking. Motorway beam pattern: The lighting range of the low-beam lights is extended. The motorway beam pattern is switched on if the vehicle travels at a speed of 80 mph (110 km/h) for 30 seconds. The motorway beam pattern is switched off as soon as the vehicle drops below a speed of 50 mph (80 km/h). 					
654	DAB digital radio Enables digital radio reception (DAB/DAB+), with sound quality on a par with that of a CD. Additional information such as names of tracks and artists can be displayed in the Control Display.	•	•	•	•	Standard
6AC	BMW Emergency Call Provides a direct link to an emergency controller. A manual or automatic call can be deployed from the vehicle to establish a voice call connection to the emergency controller to direct your call to the emergency services centre where required and send additional data including the vehicle's current location. All calls and data are sent via the built-in vehicle telematics system (PSIM) and do not require a Bluetooth paired device. Available and active for the lifetime of the vehicle.	•	•	•	•	Standard

0	= optionally available				×	Retail price including
•	= standard equipment = not available	xDrive20d SE	xDrive20d Sport	xDrive20d M Sport	xDrive20d M Sport X	VAT @ 20%
6AE	BMW TeleServices Offers a range of telematic services that provide support and notification of the technical condition of the vehicle. Services include Available and active for the lifetime of the vehicle.	•	•	•	•	Standard
6AK	BMW Online Services Access to a WAP based BMW Online portal to view a wide range of general and location-based information services. These include the latest news and sports headlines, a five-day weather forecast and live POI searches via Google Local Search.	•	•	•	•	Standard
	The in-vehicle BMW Application store offers a choice of apps that can be managed individually to build a personalised portfolio including Wiki Local and Qype. Further personalised content includes My News and Online Office for access to a personal email account in the vehicle (these require configuration in the ConnectedDrive portal).					
	Includes access to BMW Connected+ allowing a deeper vehicle integration of personalised and mobility-related services, as well as a seamless connection of all BMW Connected Touchpoints via a Bluetooth connection to the BMW Connected app – now also including the vehicle. BMW Online Services contains the BMW Apps feature.					
	BMW Online Services are initially available for three years and can then be extended or renewed at a cost. BMW Apps is available and active for the lifetime of the vehicle and requires the free BMW Connected app to be installed on the Apple device.					
6AM	Real Time Traffic Information	•	•	•	•	Standard
	RTTI provides enhanced traffic data over regular TMC by combining information from a significant number of sources and broadcasting over the GSM network via the embedded telematic system (PSIM), to accurately present the current traffic situation in real time. Traffic flows are displayed on the Navigation map using a colour coding scheme and the data is automatically updated every three minutes. Intelligent route guidance actively monitors time efficient alternatives and recommends for or against potential detours.					
	Real Time Traffic Information is initially available for three years and can then be extended or renewed at a cost. Requires configuration in the user's ConnectedDrive portal.					
6AP	Remote Services Remote control of specific vehicle functions. Services can be performed upon request to the BMW Customer Information Centre or actioned via a smartphone with the My BMW Remote app (available on Apple iOS and Android platforms). Remote functions include: - Remote lock/unlock Vehicle Finder.	•	•	•	•	Standard
	- Remote headlight flash. - Online Search and send to car.					
6UN	Available and active for the lifetime of the vehicle but requires configuration in the user's ConnectedDrive portal. BMW Navigation	•	•	•	•	Standard
	Featuring the latest generation of BMW navigation system with iDrive 6 (ID6) software for the 6.5" Navigation system. Route planning by individually defined criteria and dynamic route planning with due provision made for current traffic news (subject to coverage). On-board computer with extended functionality (distance from destination, estimated time of arrival, etc.) and Integrated Owner's Handbook. Operation by iDrive with direct-selection buttons, BMW Touchscreen Control and 8 programmable favourites buttons. Fixed 6.5" display with 800x480-pixel resolution. Arrow pointers, north-up, direction of travel and perspective view map displays. Navigation data on integrated memory. Double tuner with RDS / TMC. USB interface for map-data updates. Voice control of the navigation functions also possible in conjunction with 6NW. Includes Attentiveness Assistant.					
	Real Time Traffic Information (RTTI) is supported in combination with option code 6AM which displays highly-accurate traffic flow information in an easily interpreted colour-coded scheme, on both traffic and coloured map modes.					
704	M Sport suspension Factory fitted M Sport suspension providing more dynamic driving behaviour with vehicle lowered by 10mm.	-	-	•	•	Standard
710	Not with 223 Adaptive suspension. M Sport steering wheel	-	-	•	•	Standard
	Nappa leather 3-spoke design with 373mm diameter. Featuring shaped thumbrests, pearl chrome highlight and M badge on steering wheel.					••••••

508	Audio warning signal of proximity of objects to the front and rear of the car using 4 sensors on front and rear bumpers. Includes a visual distance display of car on Control Display. Button for manual activation. Automatic deactivation possible in conjunction with 235, Detachable Towbar, where system is deactivated automatically when towbar is installed. Includes 5DP Park Assist.			0				0	0	0					
5DP	Park Assist	0	0	0	0	0	0	0	0	0	0	0 0) C	0	Only as part of ZBD
	Parking gap size measurement by ultra-sonic sensors assists the driver in parallel parking manoeuvres. The system calculates the optimum line to be followed and controls the steering for the duration of the parking manoeuvre. Activated when reverse gear is selected or via the manual Park Assist button. Results of parking gap search are shown in the Control Display. Only as part of 508 PDC, front and rear														
	Driving Assistant A range of camera-based driver assistance systems that enhance safety and reduce the risk of potential collisions, at both high and low speeds. Systems included in this option are:	0	0	0	0 0		0	0	0	0	0	0 (о с	0	• Only as part of ZBD
	Lane Departure Warning for detecting lane markings at speeds above approximately 45mph. If the car deviates from the lane of travel without the use of indicators, the steering wheel vibrates as an alert. If the indicators are used to signal, the system recognises this as an intentional lane change and the steering wheel will not vibrate.														
	High-beam Assistant: at speeds of 50 km/h and higher, the high-beam headlights are turned on and off automatically, depending on approaching traffic; also detects sufficient exterior lighting, for example in built-up areas														
	Forward Collision Warning operates at speeds above 10 mph and monitors vehicles ahead and warns the driver by an optical and acoustic alert if their approach could escalate into a rear-end collision. At higher speeds over 30 mph an urgent warning also activates brake preconditioning for maximum force.														
	City Collision Mitigation proactively engages braking automatically for rapid reaction to potential vehicle collisions in driving situations up to 35 mph.														
	Preventive Pedestrian Protection proactively engages braking automatically for rapid reaction to potential collisions with humans and cyclists in urban driving situations up to 35 mph. The identification of pedestrians and cyclists is only active in daylight.														
	Operation by means of a button in the control unit for driver assistance systems.														
	The systems within Driving Assistant are not a substitute for the judgement of the driver. The driver should remain in control of the vehicle at all times and these systems are an aid but should not be solely relied upon. Please be aware that weather and/or light conditions can affect this camera based system in extreme circumstances.	6													
	Also includes 5.7" black panel display in instrument cluster with a 640 x 160 resolution. Please note that Speed-limit information is standard on all X2 models.														
5AT	Driving Assistant Plus	0	0	0	0	0	0	0	0	0	0	0	0 0	0	O Upgrade to 5AS
	Contains all functionality of 5AS Driving Assistant plus the following: The systems within Driving Assistant are not a substitute for the judgement of the driver. The driver should remain in control of the vehicle at all times and these systems are an aid but should not be solely relied upon. Please be aware that weather and/or light conditions can affect this camera based system in extreme circumstances. Not with 5AS Driving Assistant or 544 Cruise control.	6													
5AR	Traffic jam assistant	0	0	0	0 0		0	0	0	0	0	0 0		0	Included with 5AT
	 Corrective steering assistance. For example, maintain position in the middle of the lane in congested traffic on motorways up to 40 km/h (24 mph) with clearly marked lanes. Hands-off detection by steering wheel sensors, take-control prompt by visual and acoustic signal. 	ı													
	- Prerequisite: "Active cruise control with stop & go function" activated - Operation via the left button panel on the multifunction steering wheel: 5 buttons (Cruise control ON/OFF, LIM, RES and Congestion assistant ON/OFF, distance (toggle function)). 1 rotary wheel (function: set speed; tap function: confirmation, briefly displayed in the instrument cluster display)														
5DF	Active Cruise Control with "Stop and Go" function	0	0	0	0 0		0	0	0	0	0	0 (0 0		 Included with 5AT
	Camera-based system. Camera in interior mirror base. The vehicle's speed is controlled and maintained in the range from approximately 0-140 km/h (0-88mph), allowing for a distance from the vehicle ahead that can be set in any of 4 stages. The Stop & Go function makes i possible to automatically maintain queue speed and distance in stop-and-go traffic and in traffic jams, right down to complete standstill. Please be aware that weather and/or light conditions can affect this camera based system in extreme circumstances meaning the cruise control can still be used without regulating the distance to the car ahead.		0	J			Ŭ		J	0				Ū

вт	Tech Pack - Head-up Display - BMW Navigation Plus - Enhanced Bluetooth with wireless charging - WiFi hotspot preparation	0	0	0	0	0	0	0	0 0	0	0	0	0	0 0	0 0	₽ £ 1,260	D.00
610	Head-up display Displays dependent on equipment complement: navigation, driver assistance, entertainment information, additionally speed display, warning information, etc.	0	0	0	0	0	0	0 (0 0	0	0	0	0	0 (<u>о с</u>	Only as part of ZB	т
	Display and brightness as well as displayed information can be selected and adjusted via the menu. Projects information onto the windscreen behind the instrument cluster ensuring all information is presented in the eye-line of the driver.																
	Please note that visibility of the head-up display is restricted with polarised sunglasses. Option to save activation/deactivation to Favourite buttons.																
6UP	BMW Navigation Plus Featuring the latest generation of BMW navigation system with iDrive 6 (ID6) software for the 8.8" Navigation system. Operation by choice of direct-selection short cut keys, BMW Touchsreen Control, 8 programmable Favourite buttons or iDrive. Includes iDrive Touch Controller with a touch sensitive pad located on the rotary dial which allows written character entry that includes telephone numbers and address information. Fixed 8.8" widescreen display with 1280x480-pixel resolution. Voice control of the navigation functions also possible in conjunction with 6NW. Includes Attentiveness assistant.	0	0	0	0	0	0	0 (0 0		0	0	0	0 0	0 C	Only as part of ZB	т
	Integrated Owner's Handbook, electronic service booklet and BMW Service history. Split-screen viewing allows parallel display of information with extended contents available including BMW Online 'widgets' such as a digital clock. Includes functionality of BMW Professional Radio with single CD player (with MP3 playback capability) and double tuner supporting RDS/TMC data.																
	Route planning by individually defined criteria including ECO PRO route. Intelligent Route-ahead Assistance informs the driver of the most efficient driving style by anticipating the road conditions ahead. Multiple map views include arrow pointers, north orientation, direction of travel and perspective view with a choice of two coloured map modes, traffic map, satellite images and 3D city models. Integrated toolbar menus and pie charts allow access to various functions without having to deviate from the map screen. On-board computer adds extended functionality including distance from destination and estimated time of arrival.																
	Real Time Traffic Information (RTTI) is standard which displays highly-accurate traffic flow information in an easily interpreted colour- coded scheme, on both traffic and coloured map modes.																
6NW	 Enhanced Bluetooth with wireless charging Improved hands-free capability for front passenger by provision of a second microphone. 2 x USB connections with Wireless charging pad for shorter charging times of Smartphones and tablets. Bluetooth / Wi-Fi audio streaming. Wi-Fi hotspot preparation. Use of SIM card installed in the vehicle. (Only in combination with option code 6WD). Wireless charging station with LED charging status located under front armrest. 2 mobile phones and one audio player can be paired via Bluetooth at any given time, Display of organiser data from a compatible Smartphone on the Control Display by selecting 'Office' or 'Communication' from the menu. Display of contact photos from the address book of a compatible Smartphone on the Control Display. Display of album covers. Software update for multimedia and telephony via USB interface. 		0	0	0	0	0	0	0 0		0	0	0	0 (Only as part of ZB	T
	Smartphone holder within the front centre armrest featuring inductive charging for compatible mobile telephones (using QI wireless charging format) and connection to the vehicle's external aerial. Includes LED charge level indicator.																
	To ensure the Smartphone charges function and connects to the external aerial, the Smartphone must be positioned with its back flat to the charging surface. For Smartphones without an inductive charging function, special charging cases are available to purchase via BMW Parts and Accessories for selected devices.																
	Extended functionality may depend on the features of the Bluetooth / USB device in use. For confirmation, please check the Bluetooth Compatibility Checker on www.bmw.co.uk.																
6WD	WiFi hotspot preparation Enables connection of mobile devices to the internet via the SIM card installed in the vehicle. Depending on the local LTE availability, up to 10 devices can surf the internet with max. 100 Mbit/s. Its use is subject to cost, data plans can be purchased via the mobile network operator when connected to the vehicle.															Only as part of ZB	т

1AG	Touring fuel tank Increases the saddle fuel tank from 51 litres to 61 litres increasing the fuel range.	0	0	0	0 () C	0	0	0	0	0	0	0	0 (D C	£	40.00
2VE	M Sports Steering More direct, linear steering ratio for lower steering angle requirement.	-	-	0	0 -	-	0	0	•	-	0	0	-	- () C	£	220.00
223	Adaptive suspension Adaptive suspension allows the damper characteristics to be adjusted by the driver based on the driving conditions, either to improve rolling comfort or to increase driving dynamism. In addition to the standard setting Comfort, which guarantees smooth and comfortable rolling characteristics, Sport mode is also available. In Sport mode the dampers are stiffened and the vehicle is set up to feel more direct and sporty. The modes are activated via the Driving Experience Control in the centre console.	-	-	0	0 -	-	0	0	-	-	0	0	-	- (£	150.00
235	Not available with 704, M Sport suspension. Towbar, detachable Concealed towbar with removable head, 13-pin European-style trailer socket and convertor/adapter to 7-pin. Additional wiring connectors may be required depending on towing usage. Includes Trailer Stability Control. Features an adapted rear bumper and increased engine		0	0	0 (0	0	0	0	0	0	0	0 (£	600.00
	cooling performance.		-					-				-	_				
300	Space-saver spare wheel Space-saver spare wheel, stored under boot floor. Removes additional under floor storage in luggage compartment and Mobility tyre sealing system. It will cost significantly more to retrofit a space-saver spare wheel after purchase. Specifying this option loses underfloor storage and therefore reduces boot capacity by approximately 51 litres. Includes 5DD, car jack.	0	0	0					0	0	0	0				£	75.00
322	Comfort Access Keyless access to the vehicle (driver's door, passenger door and tailgate). Includes handle-area lighting in the outside door handles, front and rear. Please note Comfort Go, keyless starting of the engine, is included as standard on all models. Includes Smart-opener for contactless opening of the tailgate using sensor under the rear bumper.	0	0	0	0 (D C) ()	0	0	0	0	0	0	0 () C	£	350.00
3AR	Bike rack preparation Preparation for the mounting of bike rack at the rear of the vehicle. The bike rack preparation is ideal for customers that wish to transport bicycles on the rear of the vehicle. It includes the technical preparation for fitting the specific tow ball for the BMW bicycle carrier (trailer operation not possible, tow ball and rear bicycle carrier must be purchased separately). Swivellable socket for supply to the lighting unit of the rear bicycle carrier. Notes: - Tow ball with integrated trailer locking function must be purchased separately - Transportation of bicycles is only possible with BMW rear carrier (must be purchased separately from BMW Parts & Accessories) - Retrofitting with tow ball for trailer operation is not possible Not with 235, Towbar detachable.	0	0	0	0 (0	0	0	0	0	0	0 (£	180.00
402	Panoramic glass sunroof With automatic integral wind deflector, sun protection via grey-shaded glass and independently-sliding headliner panel (colour matched to headlining). Two-pane system with moveable front and fixed rear panes. Tilt function tilts front pane for ventilation, with headliner panel open or closed. Sliding function slides front pane (externally) and headliner panel fully back. One-touch action for both functions via roof mounted switch. With 322 Comfort Access remote closing/opening of sliding feature via remote key open/close button.		0	0	0 (0	0	0	0	0	0	0	0 0		£	945.00
420	Sun protection glass Dark tinted glass for rear side windows and rear window.	0	0	0	0 (0	0	0	0	0	0	0	0 (£	270.00 Or as part of ZSX/ZMS/ZMM
488	Lumbar support, driver and front passenger Electrically adjustable lumbar support for driver and front passenger.	0	0	0	0 (0	0	0	0	0	0	0	0		£	230.00
494	Seat heating for driver and front passenger Three-stage seat heating for driver and front passenger. Heats seat base and backrest.	0							0							£	295.00 Standard
508	Does not heat side bolsters and movable thigh support on 481 Sport seats. Park Distance Control (PDC), front and rear Audio warning signal of proximity of objects to the front and rear of the car using 4 sensors on front and rear bumpers. Includes a visual distance display of car on Control Display. Button for manual activation. Automatic deactivation possible in conjunction with 235, Detachable Towbar, where system is deactivated automatically when towbar is installed. Includes 5DP Park Assist. Parking gap size measurement by ultra-sonic sensors assists the driver in parallel parking manoeuvres. The system calculates the optimum line to be followed and controls the steering for the duration of the parking manoeuvre. Activated when reverse gear is selected or via the manual Park Assist button. Results of parking gap search are shown in the Control Display.		0	0	0 (0	0	0	0	0	0	0 (£	340.00
