

Standard Equipment

i8 Roadster

Petrol Engine

BMW TwinPower Turbo three-cylinder in-line petrol engine
High-precision direct injection
VALVETRONIC
High performance turbocharging system
EUE emissions management
Fuel filter flap, rear, right
Petrol Particulate Filter

Electric Motor and Battery

2.4 kW / 10A AC charging
Standard charge cable, 5 metres in length
Electric motor
360V DC
Cooling circuit
Li-Ion Battery, 9.4kWh gross
Radiator, aluminium
96 cells: 6 modules with 16 cells, 2 levels
Storage Management Electronics (SME) including insulation monitoring
Fast charging AC capability:
Max. power (grid side): 3.7 kW (16 A)
Charging time: <2 hours, 0-80% SoC
AC plug: type 2
Flap in front side panel, left
Illuminated charging socket with visual display of charge status
Red: Error
Amber: Initialisation
Green: Fully charged
Blue: Charging
White: illumination of charge socket (vehicle not connected)
Electronic display of drivetrain information and battery range and temperature

Transmission

Hybrid-specific all-wheel drive
Combustion engine driving the rear wheels
Electric motor driving the front wheels
Petrol engine, located at the rear axle:
Six-speed automatic transmission
Electric gear-change actuator
Electric transmission oil pump
Electric motor, located at the front axle:
Two-speed transmission
Electro-mechanical actuator

Wheels and chassis

20" BMW i 1W-spoke style 470 alloy wheels with mixed tyres
Brake callipers, high-gloss Black with BMW i Blue accent and designation
Brake-pad wear indicator
Disc brakes - front and rear, lightweight, ventilated
Double-wishbone suspension, front
Drive Performance Control with ECO PRO and Comfort modes
eDrive mode for pure electric driving
Electric Power Steering (EPS)
Electro-mechanical parking brake
Mobility tyre sealing system
Multi-link suspension, rear
Sport mode
Tyre Pressure Monitor
Variable Damper Control (VDC)

Safety and technology

Adaptive LED Headlights
Airbags comprising:
Crash sensor activating central locking release, hazard warning lights, 12v and HV battery safety cut-off, and interior lighting
Driver, front passenger, front and side
Impact-dependent airbag system (ID airbags), driver and front passenger
Passenger seat airbag deactivation, front
Passenger seat occupancy sensor, front
Head airbags, all four seats
Alarm system (Thatcham 1) with remote control and engine immobiliser
Check control warning system
Condition Based Servicing (CBS)
Comfort Access
Cruise control with brake function
Deformation zones - front and rear, that can absorb impacts of up to 9.5 mph. Bumpers absorb impacts up to 2.5 mph without damage
BMW i Display Key (1 x Display Key, 1 x Remote Key, 1 x Mechanical Key)
Driving Assistant comprising:
Rear view camera
Surround-view incl. Top view/Side view
High Beam Assistant
Forward Collision Warning
Pedestrian Protection
City Collision Mitigation
Speed Limit information
Dynamic Brake Lights with LED technology
Dynamic Stability Control comprising:
Anti-lock Braking System (ABS)
Brake drying
Brake fade compensation
Brake pre-tensioning
Cornering Brake Control (CBC)
Dynamic Brake Control (DBC)
Dynamic Traction Control (DTC)
Electronic Brake-force Distribution (EBD)
Hill start assistant
First Aid kit and warning triangle
Head restraints - front, integrated in the seat backrest, fixed
Keyless starting of engine ignition
Locking wheel bolts
On-Board Diagnosis (OBD)
Park Distance Control (PDC), front and rear
Rain sensor with automatic headlight activation
Seat belts - front, with automatic tensioner, linear belt force limiter and belt restrainer, Black
Seat belts - rear, two with automatic tensioner and belt force limiter, Black
Twin horns
Windscreen washer jets, heated

Seats

BMW i Spheric leather upholstery, Carum Grey with Silka cloth accent
Child seat ISOFIX attachment, two in rear
Seat heating, front
Seats - front, electric adjustment

Exterior equipment

BMW roundel with BMW i Blue surround, front and rear
Bonnet, Aluminium with V-belt styling in two-tone High-gloss Black and body colour
"Roadster" designation to B pillar
Dihedral doors, Aluminium exterior with Carbon-fibre composite interior construction
Direction indicator, side repeaters, integrated in exterior mirrors
Exhaust tailpipes - two, 75mm
Exterior mirror housing in body colour, mirror surround & top part of mirror housing in High-gloss Black
Exterior mirrors - aspheric, heated, with electric adjustment
Exterior mirrors - folding, automatically dimming
Kidney grilles, partially closed with contrast surround and High-gloss Black centre
Metallic paintwork with contrast accent
Model designation, eDrive, rear left
Model designation, i8, rear right
Retractable soft-top roof

BMW i Pure Impulse Card

A personal passport to a world of inspiration and privilege: the BMW i Pure Impulse Experience Programme

Interior equipment

Air conditioning, automatic with two-zone control with extended features
Ambient interior lighting
Armrest - front, centre with storage compartment
Auxiliary air conditioning
BMW i interior design Carpo
Ceramic surround for controls
Coat hooks, rear, left and right
Compartment with electric unlocking via the key's remote control
Cup holder - one, centre console in front of storage compartment
Electric windows - front with open/close fingertip control, anti-trap facility and comfort closing
Floor mats, velour
Fogging sensor, front windscreen
Footwell lights, front
Glove box
Instrument panel, leather
Luggage compartment comprising:
Luggage compartment release button in driver's door switch cluster
Power socket, one 12V in small folding compartment in centre console
Power socket, one 12V under instrument panel on passenger's side
Reading lights, front, LED
Rear-view mirror, automatically dimming
Removable luggage compartment cover
Sport multi-function leather steering wheel with gearshift paddles, Black with Satin Silver accent
Start-Stop button
Steering column, adjustable
Storage net in passenger footwell, front
Storage pockets on seat backrests
Sun visors with integrated vanity mirrors
Tailgate, release button in driver's door switch cluster
Welcome lights, LED
Windows - heat-insulated, green-tinted all round
Seats - front, electric adjustment inc driver memory
Travel package
Two seat configuration

Audio & communication

20GB hard disc drive (HDD) memory
Access to BMW Connected+ for 12 months from vehicle production (subscription required)
Auxiliary input for auxiliary playing devices
BMW ConnectedDrive Services comprising:
BMW Apps interface
BMW Emergency Call
BMW Online Services
BMW TeleServices
Connected eDrive services
Information Plus
Real Time Traffic Information
Remote Services
BMW Professional radio F57
Control Display - 8.8" high-resolution flat screen colour display
DAB digital radio
Enhanced Bluetooth telephone preparation with USB audio interface and Voice Control
Favourite buttons
Head-up Display
iDrive Touch Controller with shortcut buttons
Loudspeaker system - harman/kardon
Digital Sound Processing
Multi-functional instrument panel
Navigation system - BMW Professional Multimedia
On-Board Computer (OBC) comprising:
Average speed
Clock
Fuel consumption and range
Journey computer
Outside temperature display
Personal Profile
WiFi hotspot preparation

Equipment		
i8 Roadster		
Standard ●		
Optional ○		
	Standard/Optional	Retail Price
Equipment Details		
Larger-capacity fuel tank	●	Standard
Fuel tank volume: 42 litres.	●	
Multi-function controls for steering wheel	●	Standard
Multi-function controls for cruise control, audio, voice control and telephone settings.		
Brake callipers, high-gloss Black with BMW i Blue accent and designation	●	Standard
Tyre Pressure Monitor	●	Standard
Electronic monitoring system of pressure of each tyre; warning indicator automatically activated if tyre pressure loss is 20% or more. After each change in tyre pressure, system must be re-initialised	●	
Engine cover, leather	-	£1,075
BMW Display key	●	Standard
Replaces 1 of the 2 vehicle keys. Range up to approx. 300m for display key functions and 30m for hard button functions. Key dimensions: approx. 90mm x 55mm x 15mm. Range of functions: - 2.2-inch LCD colour display (320 x 240 pixels) incl. touch control panel - Display option of vehicle status information (e.g. fuel gauge, battery charging status and range, service information, vehicle locking etc.) and Display key charging status - Micro USB connection - Window regulator functions		
Alarm system	●	Standard
Universal remote control	○	£200
Replaces up to three remote control devices (e.g. garage door openers, electric gate openers). Compatibility of remotes can be checked via www.homelink.com		
Comfort access	●	Standard
Enables opening/locking of driver and passenger doors without the use of the remote key. It is sufficient for the remote key to be about the person (e.g. in a pocket or handbag).		
Velour floor mats, Anthracite	●	Standard
Velour floor mats for front passenger and driver in Anthracite.		
Warning triangle and First-aid kit	●	Standard
Located in the luggage compartment.		
Interior and exterior mirrors with automatic anti-dazzle function	●	Standard
Exterior mirrors with electric fold-in function and heated washer jets for windscreen washers.		
Seat adjustment - front, electric	●	Standard
Electric adjustment for seat height, fore and aft position, base angle and backrest incline. Mechanical forward folding of backrest. i8 Roadster includes memory function for driver's seat.		
Armrest front	●	Standard
Foldable, with integrated storage compartment		
Extended storage	●	Standard
i8 Coupé: Includes 2 cupholders in the rear centre console storage compartment, a storage net in the rear of the front seat backrests and a net on the front passengers side. Includes a 12 V socket on the underside of the instrument panel on the passenger's side. i8 Roadster: Includes 1 cupholder in the rear centre console storage compartment, a storage net on the front passengers side. Includes a 12 V socket on the underside of the instrument panel on the passenger's side.		

Equipment i8 Roadster		
Standard ●		
Optional ○		
	Standard/Optional	Retail Price
Seat heating, front Seat heating for front driver and passenger seats. Seat surface and backrest are rapidly heated to add comfort. The seat heating for each seat can be individually adjusted by a three-stage switch.	●	Standard
Headlining, Anthracite Included in 7Y6 & 7Y9	-	£295
Seat belts, BMW i Blue For all four seats in i8 Coupé and all two seats in i8 Roadster. Included in 7Y9, Interior World, Halo Not with 7Y6	○	£310
Ceramic surround for controls Ceramic gear selection level and bezel for iDrive controller including 'i8' engraving.	●	Standard
eDrive exterior sound Artificial eDrive sound at low speeds (below approximately 20mph). This sound will be defaulted on when starting the vehicle but can be turned off via the iDrive system.	○	£85
Park Distance Control (PDC) front and rear Ultrasonic sensors provide acoustic distance warning of obstacles to the front and rear of the vehicle with a visual distance indicator in the Control Display. Automatically activated when selecting reverse gear but activation or deactivation available manually.	●	Standard
Rain sensor Automatic activation/intermittent-wipe control for windscreen wipers and automatic activation of driving lights when dark.	●	Standard
Air conditioning, automatic with extended features Fully automatic two-zone temperature control with independent temperature control, air distribution and air volume control for driver and front passenger. Includes SYNC function, MAX cooling function, Automatic Air Recirculation (AUC), solar sensor and fogging sensor. Pre-conditioning configuration possible via smartphone app or iDrive. Also includes an auxiliary air conditioning function which can	●	Standard
Cruise control with braking function Cruise control for speeds of approx. 30 km/h / 19mph and higher. Also maintains selected speed on descent with brake application. Operation via multifunction steering wheel with desired speed and operating mode displayed in the instrument cluster. The driver can override the function at any time.	●	Standard
Ambient interior lighting <ul style="list-style-type: none"> - Configurable Ambient interior lighting with LED technology. - Lighting colours available: white, blue and orange, configurable - Contour illumination of air conditioning vents on driver's side and centre - Ambient illumination of centre console - Contour illumination of door armrests - LED illumination of footwells - 'i8' logo projection with open doors (i8 Roadster only) 	●	Standard
Adaptive LED Headlights LED headlights incorporating full LED technology for both low and high beam offering a greater resemblance to daylight. Uses U-shaped optical fibre technology for parking lights, daytime driving lights and indicators. Includes automatic height adjustment and specific light distribution for motorway driving.	●	Standard
BMW Laserlights Includes both LED technology for enhanced light intensity and wide illumination, in addition to Laser technology for even greater intensity when using high-beam at higher speeds. <ul style="list-style-type: none"> - 3 lighting levels: LED low-beam headlights, LED high-beam headlights, Laser high-beam headlights (above 45mph) - LED position light, LED daytime driving light with BMW Icon light design, LED direction indicator Including specific design elements and exclusive 'BMW Laserlight' designation.	○	£5,100
Driving Assistant with Surround-view, Speed limit display & High-beam Assistant	●	Standard

Equipment i8 Roadster		
Standard ●		
Optional ○		
	Standard/Optional	Retail Price
<p>A range of camera-based driver assistance systems that enhance safety and reduce the risk of potential collisions, at both high and low speeds. Systems included in this option are:</p> <p>Forward Collision Warning operates at speeds of approximately 10 mph to 35 mph and monitors vehicles ahead, warning the driver by an optical and acoustic alert if their approach could escalate into a rear-end collision. In the event of a likely collision, an urgent warning also activates brake preconditioning for maximum force.</p> <p>City Collision Mitigation prepares braking for rapid reaction to potential vehicle collisions in driving situations up to 35 mph.</p> <p>Preventive Pedestrian Protection proactively engages braking automatically for rapid reaction to potential collisions with humans and cyclists in urban driving situations up to 35 mph. The identification of pedestrians and cyclists is only active in daylight.</p> <p>Note: The functions may be restricted or not available in certain situations, for example: in the dark, thick fog, rain, spray or snowfall, on sharp bends or if the field of view of the camera and/or the windscreen is dirty or covered. For a full list of possible restrictions, please refer to the owners handbook.</p> <p>Includes:</p> <ul style="list-style-type: none"> - Rear view camera - Surround-View incl. Top View/Side View - High Beam Assistant - Forward Collision Warning - Pedestrian Protection - City Collision Mitigation - Speed Limit information 		
<p>Navigation system - BMW Professional Multimedia</p> <p>The latest generation of high-end multi-media interface (MMI) utilises a new Intel processor for 'fast start' processing speeds, screen loads and page transitions.</p> <p>Operation by choice of direct-selection short cut keys, 8 programmable Favourite buttons, Touch Control, Voice Control or iDrive. The home screen can now be tailored with three live tiles shown on the screen that can be moved left and right to personalise the menu structure, the remaining three tiles are shown on a second screen accessed with a swipe left or right between the tiles.</p> <p>Live information from the Navigation, Communication, Vehicle Status, Media and other menus is displayed within the relevant tile on the homescreen.</p> <p>This system includes the latest generation iDrive Touch Controller with a touch sensitive pad located on the rotary dial which allows written character entry that includes telephone numbers and address information. Fixed 8.8" widescreen display with 1280 x 480-pixel resolution.</p> <p>Hard disc drive (HDD) system with integrated Owner's Handbook, electronic service booklet and BMW Service history as well as 20 GB memory available for uploading and storing data such as audio. Route planning by individually defined criteria including ECO PRO route and Online Route calculations. Intelligent Route-ahead Assistance informs the driver of the most efficient driving style by anticipating the road conditions ahead. Multiple map views include arrow pointers, north orientation, direction of travel and perspective view with a choice of two coloured map modes, traffic map, satellite images and 3D Micro City Map. Micro City mapping with detailed visualisations including realistic road widths, 3D bridges and tunnels, a consistent 3D city visualisation.</p> <p>Integrated toolbars and pie menus allow access to various functions without having to deviate from the map screen. On-board computer adds extended functionality including distance from destination and estimated time of arrival.</p> <p>This latest version of the BMW Professional media system now features Micro City mapping with detailed visualisations including realistic road widths, 3D bridges and tunnels, a consistent 3D city visualisation.</p> <p>Quick access toolbar organises frequently used applications automatically based on recent use in the vehicle to allow quick access to commonly used menus and features.</p> <p>Additional information:</p> <ul style="list-style-type: none"> - Navigation data is loaded into the navigation unit when the vehicle is delivered. - Update for the navigation map data 3 years licence free worldwide from BMW Retailer. - Update for navigation map data Over the Air (OTA): 3 years automatic map update free of charge for up to 4x per year for a single selected country. 	●	Standard
Head-up Display	●	Standard

Equipment i8 Roadster

Optional ○		
	Standard/Optional	Retail Price
Projects important information such as current speed, entertainment details and communication lists directly into the driver's field of vision. Direction arrows from the Navigation system, cruise control functions and Check Control data can also be displayed in full colour. Includes shift lights when in manual shifting mode to indicate the optimum gearshifting time with respect to performance.		
DAB Digital Radio Enables reception of digital audio programmes.	●	Standard
Loudspeaker system - harman/kardon - 2 tweeters in the front door trims - 2 midrange speakers in the front door trims - 1 midrange speaker in the instrument panel - 1 tweeter in the instrument panel - 2 midrange speakers in the C pillar (in Streamliner for i8 Roadster) - 2 tweeters in the C pillars (in Streamliner for i8 Roadster) - 1 woofer rear seat bench, central (2 woofers in rear parcel shelf for i8 Roadster) 360W external amplifier in luggage compartment	●	Standard
BMW Emergency Call A telematic safety system that provides a direct link to the local Emergency Services. A manual or automatic call can be deployed from the vehicle to establish a voice call connection to the UK based Emergency Services and send additional data including the vehicle's current location. All calls are sent via the built-in SIM card so require no pairing of a mobile phone. Available and active for the lifetime of the vehicle. Including BMWi ConnectedDrive services	●	Standard
BMW TeleServices Offers a range of telematic services that provide support and notification of the technical condition of the vehicle. Services include Automatic Service Call (ASC), TeleServices Breakdown Call (B-call), TeleServices Report (TSR), TeleServices Battery Guard (TSBG) and Teleservices Update (TSU). For specific information on these services please contact your Aftersales Service centre. Available and active for the lifetime of the vehicle.	●	Standard
BMW Online Services Access to a WAP based BMW Online portal to view a wide range of general and location-based information services. These include the latest news and sports headlines, a five-day weather forecast and live POI searches via Online Search. The in-vehicle BMW Application store offers a choice of apps that can be managed individually to build a personalised portfolio including Wiki Local, BMW Routes and Qype. Further personalised content includes Online Office for access to a personal email account in the vehicle and Google Send-to-car to transfer address information ahead of a journey (these require configuration in the ConnectedDrive portal). Also includes BMW Apps functionality (formerly option 6NR)*. BMW Apps enables popular applications to be seamlessly integrated into the vehicle Control Display including Twitter, Web Radio and an ECO PRO Analyser tool. Access to BMW Apps is available for the lifetime of the vehicle and requires the free BMW Connected app to be installed on the mobile device (available on Apple iOS and a limited range of Android devices)	●	Standard
Real Time Traffic Information RTTI provides enhanced traffic data over regular TMC by combining information from a significant number of sources and broadcasting over the GSM network via the embedded telematic system (PSIM), to accurately present the current traffic situation in real time. Traffic flows are displayed on the Navigation map using a colour coding scheme and the data is automatically updated every three minutes. Intelligent route guidance actively monitors time efficient alternatives and recommends for or against potential detours.	●	Standard
Concierge service	●	Standard

Equipment i8 Roadster		
Standard ●		
Optional ○		
	Standard/Optional	Retail Price
A telematic call service that provides access to the BMW Customer Information Centre 24 hours a day, 7 days a week. A trained team of agents can discuss a variety of enquiries and provide location-based information. POI information, addresses and telephone numbers can be sent to the vehicle which can be transferred into the Navigation system. All calls and data transfer is via the embedded SIM card (PSIM) and do not require a Bluetooth paired device. Concierge service is initially available for three years and can then be extended or renewed.		
Connected eDrive Services Remote control of specific vehicle functions with additional features unique to EV and PHEV models. Services can be performed upon request to the BMW Customer Information Centre or actioned via a smartphone with the My BMW Remote app (available on Apple iOS and Android platforms). Includes three years subscription to BMW Digital Charging Service (DCS). Remote functions include: - Remote lock/unlock - Vehicle Finder (within a 1500m radius of the vehicle) - Remote headlight flash - Online Search and send to car - Access to charge status of vehicle (when connected to a charge point) - Ability to set charge times for example to allow charging only during low-tariff periods - Solar-optimised charging using information based on local weather forecasts (where a compatible solar charge point is being used) - Smart Grid integration in combination with BMW Wallbox (information to follow)	●	Standard
Apple CarPlay preparation - Enables wireless and comfortable usage of your iPhone® in your vehicle via Apple CarPlay® - Smartphone content such as music, messages / SMS, telephony, selected third-party apps and navigation from your iPhone ® can be therefore be displayed and operated via the user interface of the vehicle. Please note that functions using a data connection will use the SIM card in the iPhone ® and additional data charges may be applied by the mobile network operator. - The compatibility and functional scope of your iPhone® with Apple CarPlay® depends on the model year of the iPhone® and the version of software installed on it and must be enquired about with the mobile phone manufacturer. - If you use Apple CarPlay ® preparation, selected vehicle data is transferred to your iPhone. Further data processing is the responsibility of the mobile phone manufacturer or 3rd party app provider. - The mobile phone manufacturer is responsible for all contents and functions displayed in the vehicle via Apple CarPlay ® preparation. For details on the available apps that can be used via Apple CarPlay ® preparation please visit http://www.apple.com/ios/carplay/ To connect your compatible device to use Apple CarPlay ® go to the 'Manage mobile devices' menu on the iDrive and then connect to 'Apple CarPlay'. On your iPhone ® go to the 'Settings' menu.	○	£235
Enhanced Bluetooth telephone preparation with USB audio interface and Voice Control Wireless connection for compatible Bluetooth mobile phones with the vehicle, including hands-free facility. With additional snap-in adaptor, which must be purchased separately, includes charging function and connection to external aerial. Enables convenient connection of an MP3 player, Apple device or USB memory stick in the vehicle through USB interface with operation by equipment-dependent controls (iDrive, favourite buttons, multi-function controls for steering wheel or Voice Control) of the vehicle. Please see www.bmw.com/bluetooth for a list of compatible mobile phones. Extended functionality depending on the features of the Bluetooth/USB device include: - View organiser data, SMS and email content from the customer's mobile phone on the Control Display within 'Office' section of the main menu. - Speech-to-text dictation using Dragon Drive! to reply to SMS messages and emails. - View contact photos from the address book of the mobile phone on the Control Display. - Bluetooth audio streaming. - Album cover art displayed when connected via USB or snap-in adaptor.. - Software update for multimedia and telephony via USB. - Full simultaneous pairing of two mobile phones and one audio device can be paired via Bluetooth.	-	Standard
Enhanced Bluetooth telephone preparation with Wireless Charging	●	Standard

Maximum Range (electric-only mode)	miles / Km	33 / 53
Transmission Identification		GE2112GK
Gear ratio (1st/2nd)		11.3 / 5.85
BMW TwinPower Turbo three-cylinder in-line petrol engine		
Engine type / Cylinders / Valves p.cyl.	/ /	in line / 3 / 4
Displacement	cm ³	1499
Stroke / Bore	mm / mm	94.6 / 82.0
Engine power / at rpm	KW (hp) / 1/min	170 (231) / 5800
Engine torque / at rpm	Nm / 1/min	320 / 3700
Compression rate / Fuel Type (recommended)	:1 /	9.5 / ROZ 91-100 (ROZ 98)
Transmission Identification		AISIN F21-360 FT EOP
Gear ratio (1st/2nd/3rd)		4.459 / 2.508 / 1.556
Gear ratio (4th/5th/6th)		1.142 / 0.851 / 0.672
Reverse ratio		3.185
System output		
Power output	KW / hp / Nm	275 / 374 / 570
Steering type / Steering transmission, overall	/ :1	EPS / 16
Front brake		Ventilated Disc
Rear brake		Ventilated Disc
Cx / A / Air resistance	/ m ² / m ²	0.28 / 2.15 / 0.60
Top speed	mph / Km/h	155# / 250#
0-62 mph (0-100 km/h)	s	4.6
Electric consumption	kWh/100km	14.5
Fuel consumption (combined cycle)	mpg / ltr / 100km	141.24 / 2.0
Emission classification		EU6d - Temp
CO ₂ Combined	g/Km	46
Front tyres	Standard wheel	215/45 R20
Rear tyres	Standard wheel	245/40 R20
Front rims	Standard wheel	7.5J x 20
Rear rims	Standard wheel	8.5J x 20
Run flat tyres	Standard wheel	No
Track front / rear	mm / mm	1644 / 1721
Wheel offset front / rear	mm / mm	36 / 40
Battery type low voltage / Battery low voltage / Battery position low voltage	/ Ah /	AGM / 50 / Front
Battery type high voltage / Net battery content high voltage / Battery Position high voltage	/ kWh /	Li-Ion / 9.4 / Sub-surface
Charging variation 1* / charging current 1** / charging time 1***	kW / A / h	AC Typ 2; 2.4kW / 10 / <3
Charging variation 2* / charging current 2** / charging time 2***	kW / A / h	AC Typ 2; 3.7kW / 16 / <2
