<b>1AG Larger fuel tank capacity</b> Increases the saddle fuel tank by approximately 8 litres to 50 litres increasing the fuel range. Standard fuel tank is 42 litres.	○	○	○	●	○	○	○	○	○	○	○	○	£ 50.00
<b>223 Adaptive suspension</b> Using electronically controlled dampers Adaptive suspension allows the damper characteristics to be adjusted by the driver based on the driving conditions, either to improve rolling comfort or to increase driving dynamism. In addition to the standard setting Comfort, which guarantees smooth and comfortable rolling characteristics, Sport mode is also available. In Sport mode the dampers are stiffened and the vehicle is set up to feel more direct and sporty. The various modes are activated via the Driving Experience Control in the centre console. <b>Option 223 Adaptive suspension not available with 19" alloy wheels.</b>	-	-	-	○	-	-	-	-	-	-	○	-	£ 500.00
<b>235 Towbar, detachable</b> Concealed towbar with covering cap, demountable. Storage compartment in luggage compartment. Also includes cooling output adapted to individual model and DSC with activated anti-fishtailing logic.  <b>Additional features:</b> - zoom function in combination with option code 5DM Reversing Assist camera/Park Assist. - automatic deactivation of PDC sensors, rear.	○	○	○	-	○	○	○	○	○	○	○	○	£ 750.00
<b>248 Steering wheel heating</b> Steering wheel rim is heated. Activated via an illuminated button on the steering wheel (located at the 6 o'clock spoke of the steering wheel below centre boss).	○	○	○	○	○	○	○	○	○	○	○	○	£ 150.00 Part of ZF2
<b>249 Multi-function controls for steering wheel</b> Multi-function controls for audio and telephone settings. Left control panel for driving functions, e.g cruise control. Right control panel for audio and communication features. Includes speed limiting function.	●	●	●	●	●	●	●	●	●	●	●	●	Standard
<b>255 Sport leather steering wheel, three-spoke</b> Sport 3-spoke design - thicker steering wheel rim than standard steering wheel. - steering wheel rim in black leather with black stitching. - shaped thumb rests. - decorative finisher in Pearl Chrome. - gearshift-lever knob in leather (manual only) <b>SE and Sport models only.</b>	●	●	-	-	●	●	-	●	●	-	●	-	Standard
<b>2NH M Sport braking system</b> Upgraded M Sport braking system with blue painted calipers with M logo on front axle calipers. - Front axle: 18" fixed-calliper brake, painted blue with M logo. - Rear axle: 16" or 17" fixed-calliper brake, painted blue. <b>Only with 1RN / 1RR / 1Y3 wheels. Not available with 300 Space-saver spare wheel.</b>	-	-	○	-	-	-	○	-	-	○	-	○	Standard Part of ZMS
<b>2TB Sport automatic transmission</b> 8-speed Sport automatic transmission with Steptronic functionality includes: - gearchange time display in manual mode. - gearshift paddles on steering wheel. - coasting in idle in ECO PRO mode. - Launch Control. - shift-by-wire gear selector switch (electronic gear selector switch). - auto 'P' function. - sporty, rapid gearshift timing in specific combinations of Driving Experience Control and gear selector switch. - expert function for race track operation.	-	-	-	●	-	-	-	○	○	○	●	●	£ 1,600.00
<b>2TF Dual-clutch automatic transmission</b> 7-speed automatic transmission with double clutch technology includes: - gear shift recommendation in manual mode. - currently engaged gear shown in the instrument cluster. - coasting in idle in ECO PRO mode. - shift-by-wire gear selector switch (electronic gear selector switch). - auto 'P' function.	○	○	○	-	○	○	○	-	-	-	-	-	£ 1,350.00
<b>2VE M Sports Steering</b> More direct, linear steering ratio for lower steering angle requirement. <b>M135i xDrive models feature M Performance specific settings.</b>	-	-	-	●	-	-	-	○	-	-	-	-	Standard Part of ZMS
<b>2VG Performance control</b> BMW Performance Control intervenes via the engine management and targeted braking in corners by diverting more power to the outer wheels and less power to the inner wheels. This improves driving safety and agility.	●	●	●	●	●	●	●	●	●	●	●	●	Standard
<b>300 Space-saver spare wheel</b> Space-saver spare wheel, stored under boot floor. Steel wheel size 3.5 B x 17 / tyres T125/70 R 17. Please note function restrictions: - only basic lashing eyes (from basic equipment) available. - parcel shelf cannot be stowed away underneath the floor insert. - scissor-type jack is fixed into place in the luggage compartment using left lashing eye. <b>Space-saver spare wheel loses underfloor storage in boot and therefore reduces boot volume.</b> <b>Please note with the emergency spare wheel fitted, consult the instructions for use with regard to function limitations.</b>	○	○	○	-	○	○	○	○	○	○	○	○	£ 150.00
<b>316 Automatic tailgate</b> Electrically opening / closing tailgate using boot button on Remote key. Also includes operating buttons in door trim on driver's side and tailgate with lock feature and closure monitor. In combination with option 322 Comfort Access this option also features hands free opening of the boot using a foot kick under the rear bumper.	○	○	○	○	○	○	○	○	○	○	○	○	£ 500.00 Part of ZF2
<b>322 Comfort Access</b> Comprising the following functions: - keyless access to the vehicle through all doors and tailgate. - welcome light setting from 2.5 metres distance to the vehicle. - automatic unlocking upon reaching a distance of approx. 0.5 metres to the vehicle (facing direction of travel). - automatic locking upon reaching a distance of 3 metres to the vehicle while moving away.  Includes BMW Digital Key with the following functions: - locking/unlocking as well as starting the vehicle using a compatible smartphone (prerequisites: Android operating system, Samsung smartphone with NFC technology and integrated Secure Element - other restrictions depend on the market). - locking and unlocking by positioning smartphone near NFC reader in door handle on driver's side (max. distance 3 cm, level stop at distance of 2-4 cm from centre of handle recommended). - engine start when smartphone is placed in the smartphone/wireless charging storage space (possible after being stored for 10 seconds). - 1 digital key for smartphone is included (period of validity: 1 year, function integrated into BMW Connected App, initial authorisation at the dealership). - up to five additional keys can be bought in the ConnectedDrive Store (handover possible via BMW Connected App). - assignment of driver profiles possible with Digital Key. - a high-quality key card with NFC technology is included in the scope of supply (as substitute for incompatible smartphones).	○	○	○	○	○	○	○	○	○	○	○	○	£ 500.00 Part of ZF2

<b>5AS</b>	<p><b>Driving Assistant</b>            Camera and radar-based driver assistance system consisting of Lane Departure Warning, Lane Change Warning and front collision warning with brake intervention, crossing traffic warning rear, rear collision prevention.</p> <p><b>Lane Departure Warning with Blind Spot Detection</b> works at speeds above approximately 43mph (70 km/h) and detects lane markings helping to prevent inadvertent departure from the lane by transmitting perceptible vibrations via the steering wheel as a warning. The vehicle is also actively guided back into the lane and properly aligned. The function is suppressed when indicators are active or the indicator stalk is held in the 'short on' position (desired lane change). Display in the instrument cluster. The system permanently monitors the zones to each side of the vehicle, detects vehicles in the "blind spot" when intending to change lanes (indicator is activated or stalk is held in 'short on' position), haptic warning via the steering wheel (vibration) and flashing symbol in the exterior mirror. This feature works from approximately 12mph (20 km/h) to 155mph (250 km/h where permitted).</p> <p><b>Approach Control and Pedestrian warning with City Braking function</b> featuring front collision warning with brake intervention consisting of Approach control / Pedestrian warning with city braking function and comprises:            - Warning and braking within a speed range from approximately 3 mph to 53 mph (5 km/h to 85 km/h) for vehicles and within a speed range from approximately 3 mph to 40 mph (5 km/h to 65 km/h) for persons. Also reacts to stationary target objects.            - If an accident cannot be avoided completely, the city braking function helps to reduce the impact speed through a braking intervention and hence, the severity of the accident.            - Approach Control warning also warns of potential collision with a vehicle ahead at higher speeds (greater than approximately 53 mph/85 km/h), with preconditioning of the brakes for faster brake response and shorter braking distances.            - Operation by means of a button in the control unit for driver assistance systems.</p> <p><b>Rear Crossing-traffic warning</b> supports the driver, for example, when reversing out of parking spaces and warns of potential collisions with intersecting traffic in situations where it is difficult to see everything around them. In combination with option code Reversing assist camera (5DM) the Rear Crossing-traffic warning is extended by an additional real-image display.</p> <p><b>Rear collision prevention</b> detects the threat of rear collisions via rear sensors and warns the traffic behind via the hazard warning lights (flashing in double frequency). Preventive measures will also be taken in unavoidable accident situations (e.g. belt tensioning and closing windows).</p> <p><b>The features within Driving Assistant are not a substitute for the judgement of the driver. The driver should remain in control of the vehicle at all times and these systems are an aid but should not be solely relied upon. Please be aware that weather and/or light conditions can affect this camera based system in extreme circumstances.. It remains the responsibility of the respective driver to react to the actual traffic situation.</b></p> <p><b>Includes 5DF Active Cruise Control with "Stop and Go" function.</b>  <b>Only available on models fitted with Automatic transmission and option 430 Exterior mirrors - electrically folding with anti-dazzle</b></p>	○	○	○	○	○	○	○	○	○	○	○	○	£ 1,000.00
<b>5AQ</b>	<p><b>Active Guard Plus</b>            Includes the manual Speed Limit Device (SLD) features including Speed Limit Info with no passing info and preview (only with nav), the Lane Departure Warning with steering impulse, and the Front Collision Warning with brake intervention.</p> <p>- Speed Limit Assist combines the Speed Limit Info with the Speed Limiter incl. no passing info and preview of speed limits. Thus, the allowed speed limit is transferred after manual confirmation in the Speed Limiter.</p> <p>- Lane departure warning with steering impulse, detects lane markings from about 70 km / h (44 mph), warns via steering wheel vibration from accidentally leaving the lane and steers the vehicle back into the lane. Suppressed with set turn signal. Display in the instrument cluster.</p> <p>- Front collision warning with brake intervention includes the approach control warning and person warning with city brake intervention. The system detects and reacts automatically with a braking intervention on vehicles (up to 85km/h) (53 mph) as well as cyclists and pedestrians (up to 65km / h) (40mph) . Above these limits, a warning and a preparation of the brake system to an intervention by the driver - for vehicles up to 250km/h (155 mph) or cyclists and pedestrians up to 85km/h (53 mph). The automatic braking can reach a maximum delay of 9m / s<sup>2</sup> (full deceleration).</p>	●	●	●	●	●	●	●	●	●	●	●	●	Standard
<b>5DF</b>	<p><b>Active Cruise Control with "Stop and Go" function</b>            Camera and radar-based driver assistance system consisting of cruise control with Approach Control, Speed Limit Info including no-overtaking indicator, manual Speed Limit Assist and Front Collision warning with brake intervention.</p> <p><b>Cruise control with approach control comprising:</b>            - Regulation of distance from vehicle in front by radar sensors in the bumper.            - Automatic maintenance of queue speed and distance in stop-and-go traffic and in traffic jams, right down to complete standstill.            - Automatic pull-away after short stops (1 to 3 seconds).            - Operation of the active cruise control via multifunction for steering wheel.            - Desired speed 20 to 100 mph (30-160 km/h where permitted) and distance (4 steps) adjustable.            - Function also detects stopped vehicles as target objects.            - Switch to 'Cruise control' without approach control possible.</p> <p><b>Speed Limit Assist (manual)</b> function combines Speed Limit Info with active cruise control and enables the predictive adoption of a detected speed limit into the Active Cruise Control (ACC) via an additional operation step.</p> <p><b>The features within Active Cruise Control with "Stop and Go" are not a substitute for the judgement of the driver. The driver should remain in control of the vehicle at all times and these systems are an aid but should not be solely relied upon. Please be aware that weather and/or light conditions can affect this camera based system in extreme circumstances.. It remains the responsibility of the respective driver to react to the actual traffic situation.</b></p> <p><b>Only available on models fitted with Automatic transmission.</b></p>	○	○	○	○	○	○	○	○	○	○	○	○	Included with 5AS

<b>6AK</b>	<p><b>BMW ConnectedDrive Online Services</b>            Included Services are initially standard for three years subscription from production (unless stated) and can then be extended or renewed via a customer's ConnectedDrive portal and the ConnectedDrive store.</p> <p><b>BMW Vehicle Apps.</b>            Formerly known as BMW Online. Access to a WAP based online services to view a wide range of general and location-based information. Included Apps are News, Weather and Country Information. Online-based content like News can be read out loud to minimize distraction while driving and offer the maximum in safety and comfort. The weather app shows the weather forecast for the upcoming 4 days. Country information contains all the relevant information when entering a different country with your BMW, for example information on tolls.</p> <p><b>BMW Connected+.^</b>            An update of the personalization function in the vehicle and display of smartphone content on the Control Display in the BMW. Including; Send my Routes to Car, Share Live Trip Status, Navigate Door-to-Door and seamless link of My Destinations between you Connected App and vehicle.</p> <p><b>Intelligent Voice Control.</b>            Off-board voice processing offers a functional extension of the intelligent voice assistant through server-based processing of speech input. Examples of the features include online-based points of interest for the navigation (e.g. Italian restaurant in the vicinity), the dictation function for messages and an improvement in the recognition of natural speech input. Benefits at a glance; Flexible input of addresses and points of interest, More up-to-date data for the speech-based search for addresses and points of interest, Improvement in voice recognition for the input of addresses and points of interest. Flexible dictation of text messages and e-mail (Smartphone dependant).</p> <p><b>USB and Over the Air map updates.</b>            Manual and Automatic updates of the navigation map data either via USB or over-the-air. A USB map update can be completed via the BMW ConnectedDrive portal to integrate the latest European wide map data, or as soon as a new navigation map version is available for the country that your vehicle is registered in, the update is transferred via the integrated SIM card directly into the vehicle's navigation system, completely over-the-air. During the update process, the navigation system remains fully functional. Always have the most up-to-date navigation map data. Over-the-air updates up to 4-times annually. Updates take place automatically <del>included and available on vehicles fitted with USB (BMW Live Cockpit Professional) only.</del></p> <p><b>BMW Intelligent Personal Assistant.</b>            Building upon the Intelligent Voice Control, BMW drivers and passengers will be joined by an intelligent, digital character that responds to the prompt "Hey BMW". Communicate in a new and easy way with your car using the BMW Intelligent Personal Assistant. It knows you, learns your behaviours to get better every day and helps out whatever the situatio. It allows functions within the vehicle to be controlled, can explain everything about your car and help you get better acquainted with your BMW. You can also assign your own personal activation word.</p> <p><b>Intelligent Functionalities.</b>            Smart Interior, working in conjunction with Intelligent Personal Assistant, offers personalised content based, and intelligent car related services in the vehicle and the Connected App. It automates vehicle functions to enhance the experience inside of the vehicle. Includes automate my habits service, where you can define your heating and cooling preferences. The vehicle then automatically adjusts the seat heating / ventilation settings to your liking. Also includes Weather Guard to warn the driver if the car is parked in adverse weather conditions via the BMW Connected App. This feature's deliverables is dependent on your vehicles capabilities and specification.</p> <p><b>Remote Software Upgrade.</b>            With Remote Software Upgrade your BMW stays up-to-date and is future-proof. The Upgrades are downloaded via a smartphone with the Connected app and ideally a Wi-Fi connection (quicker and therefore recommended) or over the air directly into the car and provide security updates and functionality upgrades. The customers are always informed about the content of every Remote Software Upgrade as there are Release Notes displayed in the car and in the Connected App similar to an iOS upgrade.</p>	●	●	●	●	●	●	●	●	●	●	●	●	<b>Standard</b>

<b>6C2 Connected Package Plus</b> Included Services are initially standard for three years subscription from production (unless stated) and can then be extended or renewed via a customer's ConnectedDrive portal and the ConnectedDrive store.  <b>Apple CarPlay (1 year Subscription).</b> Apple CarPlay® Preparation enables an iPhone® to be used wirelessly, conveniently and safely via the user interface in the vehicle. Smartphone contents and functions such as music, iMessages/SMS, telephony, SIRI and selected third-party apps can thus be displayed and operated in the customary manner via the user interface in the vehicle. Subscription for Apple CarPlay valid for 1 year from production, can be extended thereafter on 1 year, 3 years or lifetime subscriptions.  <b>Concierge Services.</b> Direct access to UK based call centre, 24 hours a day, 365 days per year. No Smartphone required within vehicle, calls made using in-built 4G SIM card. Access to telephone and industry directories, points of interest, opening times of cultural facilities, flight information, addresses of restaurants, hotels, emergency pharmacies, cash machines, golf courses etc. Navigation data can be transferred directly to the driver's navigation system, and/or sent as a message to the vehicles control display with additional relevant information when required, e.g. telephone numbers, email addresses.  <b>Real-Time Traffic Information (RTTI).</b> Displays real-time traffic information on motorways, roads and urban streets for the driver's current route and recommends potential diversions. Exact display of the traffic situation in real time, with updates being received every 3 minutes. Greater comfort and safety thanks to precise warnings of congestion and hazards (including Heavy Rain, Fog, Slippery Roads). Inclusion of traffic situation on recommended diversions.  <b>Remote Services.</b> Open/lock doors, display of vehicle location on the map in vehicle finder, flash headlights.  <b>Connected Teaser Package.</b> Gives a 3 month trial period of the following service.  <b>In-Car Productivity (Microsoft Office 365)†.</b> Turn your BMW into a mobile office and use time in your car to be even more productive. With Microsoft Office 365 and your existing Microsoft Office 365 Business account, you can work while on the move. Ability to dictate text and enter a recipient or select a name directly from your contacts lists. Features available include: - Receive Emails: read emails or have emails be read out to you - Send Emails: compose an email, reply to and reply to all, forward emails. The content can be dictated. - Access Calendar: see day view for meeting, read meeting details, send meeting destination to navigation system, contact meeting participants via email, and accept or decline a meeting request. - Address Book: access to your contacts from your address book. - Skype for Business: automated dial-in to Skype for Business conferences with one-click, manual typing in of conference ID not necessary, display meeting roster and see live mute status of participants.  ^Currently only available on vehicles fitted with 6U2. Service will follow on vehicles fitted with 6U3 via a Remote Software Upgrade within 2019. **Currently available in Belfast, Birmingham, Bristol, Cardiff, Edinburgh, Glasgow, Leeds, Liverpool, London, Manchester, and Sheffield †Subscription to Microsoft Office 365 for Business Account required. Subscription cost not included. Service not available on email accounts running through a VPN connection. To use the full functionality of Skype integration customers need the subservice "Skype for Business", provided by Microsoft Office.	●	●	●	-	●	●	●	●	●	●	●	●	Standard
