Additional Comments:

The F10 was a hark back to the formula seen in the E39 because it was a more luxurious and executive base, which was then fettled to produce a brilliant driving experience. Not as raw as the E34 and not as technical of the E60, the F10 M5 seen as slightly toned down. But what most don't know is that the 30 Jahre Edition revived the beast inside the F10 M5. It was a homage to the brilliant line of M5s before and was a fitting way to celebrate the 30 years of an industry icon.
