- 1) VANOS = **V**ARIABLE **N**Ockenwellen **S**teuerung = variable camshaft control, or variable valve timing.
- 2) STEPTRONIC = BMW's system of manual shift control for an automatic transmission.
- 3) Daytime Running Lights are programmed, at the customer's request, at a BMW Center.
- 4) Park Distance Control employs ultrasonic sensors in the rear bumper and in-cabin acoustic warnings to alert the driver to unseen obstructions when backing up.
- 5) BMW service intervals are never fixed, but rather depend upon actual vehicle use as indicated by the electronic Service Interval Indicator.
- 6) Memory feature stores driver's seat and exterior mirrors position for three drivers. Feature includes automatic tilt-down of passenger's side-view mirror when transmission is shifted into reverse gear.
- 7) Includes front/rear map reading, footwell and visor mirror lights.
- 8) Eight-way power/two-way manual front sport seats are also ordered.
