DATE: Wednesday, November 20, 2019

TIME: Press Conference: 9:00 a.m. – 9:35 a.m. PST

Interviews: All Day

PLACE: Los Angeles Convention Center

South Hall, BMW Stand 1201 South Figueroa St

Prior to the Los Angeles Auto Show, BMW will also host three off-site media workshops throughout the day on Tuesday, November 19th where media will hear from BMW Group subject matter experts on topics including battery cell production and sound design. Registration for the workshops is required in advance. For more information or to register, please contact Phil Dilanni at phil.diianni@bmwna.com.

WORKSHOP 1: Battery Cell Production

BMW expert on automotive battery technology Jan Freimann will lead a discussion on the BMW approach to battery cell production, from the in-house development of battery cells through the entire value chain and recycling.

TIME: 11:00 a.m. – 11:45 a.m.

LOCATION: Hudson Loft II

1200 S Hope St, Los Angeles, CA 90015

WORKSHOP 2: Vision M NEXT Design Talk and Design Roundtable

TIME: 11:50 a.m. – 12:10 p.m.

12:15 p.m. – 12:45 p.m.

LOCATION: Hudson Loft II

WORKSHOP 3: Sound Design: BMW IconicSounds Electric by Hans

Zimmer

Award winning composer Hans Zimmer and BMW expert on sound design Renzo Vitale will discuss sound design as an essential emotional component to the driving experience and the role it plays in the design of electric vehicles, including the BMW Vision M NEXT concept.

TIME: 4:15 p.m. – 5:15 p.m.

LOCATION: Hans Zimmer's Studio

1531 14th Street

Santa Monica CA 90404

Featured BMW product at the Los Angeles Auto Show include:

The **2020 BMW M8 Gran Coupe** (World Premiere) is available in both 600 hp M8 and 617 hp M8 Competition models, delivering near-supercar levels of performance on a platform that is 9.1-inches longer, 1.4-inches wider and 2.4-inches higher than the 8 Series Coupe. With a 0 to 60 mph acceleration time of 3.0 seconds for the Competition model and a top speed up to 190 mph, the new M8 Gran Coupe blends power and agility with luxury and exclusivity in a package that begs to be shared with others. The BMW M8 Gran Coupe and M8 Gran Coupe Competition arrive in dealers in March 2020.

The **2020 BMW M2 CS** (World Premiere) is the next step in the evolution of the BMW M2 Coupe. The new high-performance CS model blends racetrack optimization with everyday usability to create a pure M car package. This limited production model offers more power, Adaptive M Suspension and available M Ceramic Brakes combined with select, weight-saving CFRP body panels, improved aero package and exclusive interior Carbon Fiber and Alcantara trim to produce the quickest, most agile and exhilarating M2 to date. Market launch is scheduled for April 2020.

The **2020 BMW 2 Series Gran Coupe** (World Premiere) delivers style and everyday, four-door usability along with agility and performance. The 2 Series Gran Coupe also features all of the latest connectivity and driver assistance systems such as Blind Spot Detection, Frontal Collision Warning with City Collision Detection, and Lane Departure warning. The low, wide and sporty 228 hp BMW 228i xDrive Gran Coupe and 301 hp BMW M235i xDrive Gran Coupe models arrive in dealers in March 2020.

The **BMW X3 xDrive30e PHEV Sports Activity Vehicle** (North American Premiere) is the first-ever plug-in hybrid variant of BMW's best-selling model in the U.S. Featuring a SULEV-rated 2.0-liter 4-cylinder gasoline engine combined with an electric motor and a lithium-ion battery pack under the rear seat, the new BMW premium, mid-size SAV will offer the choice of a fuel-economy enhancing hybrid driving mode or purely electric, emissions-free driving mode. The same agility, interior space, comfort and all-weather capability that the X3 is known for is of course, standard. The new X3 xDrive30e's U.S. Market Launch will take place in Q1 2020.

The **BMW 330e plug-in hybrid sedan** (North American Premiere) is the new, high-performance PHEV variant of BMW's iconic 3 Series lineup. A SULEV-rated 2.0-liter 4-cylinder turbocharged gasoline engine is joined with BMW's latest eDrive technology to create the most advanced 3 Series Sedan to date. The all-new seventh generation 3 Series has resonated with

drivers by delivering improved driving dynamics, modern design, exceptional efficiency, premium comfort and BMW Group's most advanced driver assistance, connectivity and technology features. The new BMW 330e Sedan is scheduled to arrive on showroom floors in spring 2020.

The **2020 BMW X5 M and BMW X6 M** (Auto Show Premieres) represent the 3rd generation of BMW M GmbH's exclusive, track-capable versions of the popular BMW X5 and X6. The X5 M Sports Activity Vehicle and X6 M Sports Activity Coupe are available in 600 hp and 617 hp Competition models offering more power and performance as well as improved luxury and comfort. They also feature the latest in driver assistance, personal connectivity and infotainment to fulfill the highest customer expectations, not only for agility, dynamics and power but also the expression of individuality. The 2020 BMW X5 M and X6 M will arrive in dealers in spring 2020.
