#### The new 2022 BMW C 400 GT

- Sole Urban Mobility offering in 2022 US lineup.
- Improved ASC Automatic Stability Control and brakes.
- New e-throttle and drivetrain improvements.
- MSRP of \$8,495 plus \$495 destination and handling.
- Market launch Q2 2021.

**Woodcliff Lake, NJ – March 25, 2021...**Today, BMW Motorrad is proud to announce the addition of the C 400 GT to the 2022 model year line-up for the U.S. The updated C 400 GT will be the sole offering in BMW Motorrad's U.S. Urban Mobility segment.

Available in Europe since 2018, the C 400 GT receives notable updates for the 2022 model year and for its arrival in the U.S. market. As its name, Gran Turismo implies, the new GT is more focused on Touring and comfort while retaining its agility and fun ride characteristics.

#### **Powertrain**

The 350cc single-cylinder engine receives new EU-5 emissions certification and delivers 34 hp @ 7,500 rpm and 26 lb-ft @ 5,750 rpm – 250 rpm lower than before. Power is transmitted through a CVT (Constantly Variable Transmission) and a rigid aluminum double-sided swingarm with a swing-arm bearing designed for reduced vibration.

- 2 -

A new electronic throttle is paired with a new engine management system. Additional improvements for 2022 include a new matrix and coating for the catalytic converter, a new wideband oxygen sensor, new cylinder head, new sensor on the generator cover, new clutch springs, new wiring harness and new idle speed control.

The idle speed regulator has been removed from the airbox and the idle speed control now operates via a throttle valve bypass and turbulence system.

The e-throttle improves both idle response and allows for a smoother and more sensitive throttle response.

### **ASC Automatic stability Control**

The ASC has been updated for 2022 and features a new automatic radius calibration system, which replaces the manual recalibration system – used after changing tires. The new ASC is also designed for lower friction levels, allowing for a more sensitive response in wet and slippery surface conditions.

## **Braking System**

The new 2022 C 400 GT receives new brake calipers with improved piston response which allow the dual front discs to provide more stability and feedback. The front brake lever is located on the right handlebar with the rear brake lever on the left.

## Storage compartment

The 31-liter storage compartment (45-lites with Flexcase) now features lighting from above for improved visibility inside the compartment. The right-front storage compartment features a 12-volt outlet as well as a new USB charging socket.

#### **Colors**

Alpine White (standard)
Callisto Grey Metallic (\$150 option)
Black Storm Metallic (with Triple Black Package, \$250)

## **Standard Equipment**

6.5-inch TFT screen with connectivity
CVT Constantly Variable Transmission
Keyless Ride
ABS Anti-Lock Brakes
LED headlight, turn signals and rear light
Center stand
On-board computer
Variable storage compartment

# **Optional Equipment**

Triple Black Package – Black Storm Metallic paint with matte graphics

Premium Package – Heated seat and grips

Low seat – 29.5-inch height

High windshield

Motorrad Navigator VI and cradle

Scooter Cover

Top case, 30-liter

# **SPECIFICATIONS**

		C 400 GT
Engine		
Туре		4-stroke
Cooling		Water-cooled
Capacity	CC	350
Bore x stroke	mm	80.0 x 69.6
Power	hp	34 @ 7,500 rpm
Torque	lb-ft	26 @ 5,750 rpm
Valves per cylinder		4
Compression ratio	:1	11.5
Intake / exhaust valve diameter	mm	32.5 / 27.2
Throttle diameter	mm	40.0
Engine control		BMS-ME electronic fuel injection
Lubrication		Wet sump
Emissions control		EU-5
Electrical System		
Generator	watts	316
Battery	volts / Ah	12 / 9, maintenance free
Headlight		LED high/low beam
Brake light		LED
Starter	watts	500
Transmission		
Clutch		Centrifugal force dry clutch
Gearbox type		CVT belt transmission
Secondary ratio		Two step spur gear
Chassis / Suspension		
Frame type		Steel bridge frame
Front suspension		35 mm telescoping fork

### **BMW Group in America**

BMW of North America, LLC has been present in the United States since 1975. Rolls-Royce Motor Cars NA, LLC began distributing vehicles in 2003. The BMW Group in the United States has grown to include marketing, sales, and financial service organizations for the BMW brand of motor vehicles, including motorcycles, the MINI brand, and Rolls-Royce Motor Cars; Designworks, a strategic design consultancy based in California; technology offices in Silicon Valley and Chicago, and various other operations throughout the country. BMW Manufacturing Co., LLC in South Carolina is the BMW Group global center of competence for BMW X models and manufactures the X3, X4, X5, X6 and X7 Sports Activity Vehicles. The BMW Group sales organization is represented in the U.S. through networks of 349 BMW passenger car and BMW Sports Activity Vehicle centers, 143 BMW motorcycle retailers, 117 MINI passenger car dealers, and 38 Rolls-Royce Motor Car dealers. BMW (US) Holding Corp., the BMW Group's sales headquarters for North America, is located in Woodcliff Lake, New Jersey.
